They do not have telecommunication devices.

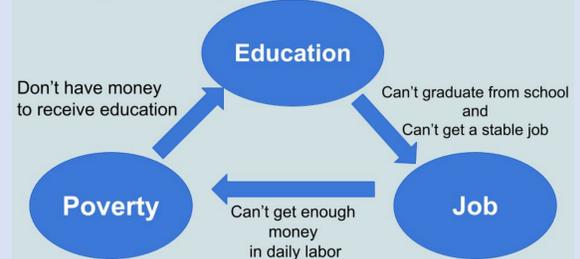

We need !

Background

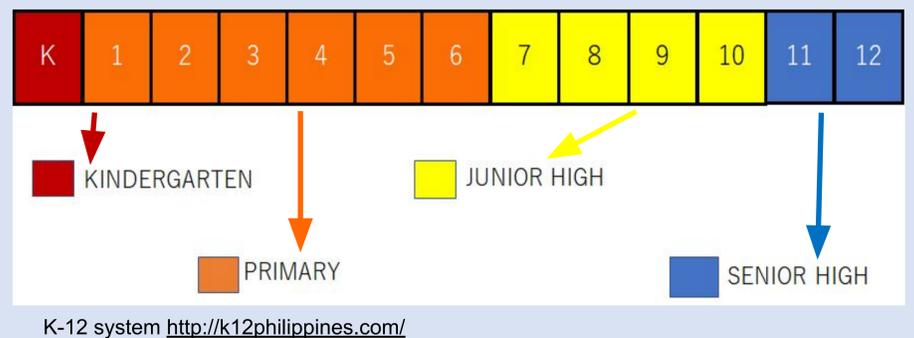

Current status and issues of Philippines

Issues of Philippines

A negative cycle

K-12 Education system

Hypothesis

“If they have information terminals, they could take classes.”

Method –SSS Project–

“Collect second hand information terminals to help students.”

We solicited information terminals from the teachers, the parents and the students of Seikyo Gakuen.

30 mobile phones, ipads and PCs.

THANKS!!!

Issue: Need transportation fee. (150,000yen)

THANKS!!!

<Backup plans> If we do not have enough donations...

1. Our new members will bring telecommunication devices directly next year.
2. We will ask a favor of a person who is going to go to Philippines.

Sustainable activity ~Go forward to the next generation~

30 students who are from grade 1 students will volunteer to take over the project next year.

THANKS!!!
