

Proposal of a **waste oil** **collection** method to **promote** **biofuels**

To make the airline industry more eco-friendly

What is Biofuel?

New type of eco-friendly fuel

greatly reduce

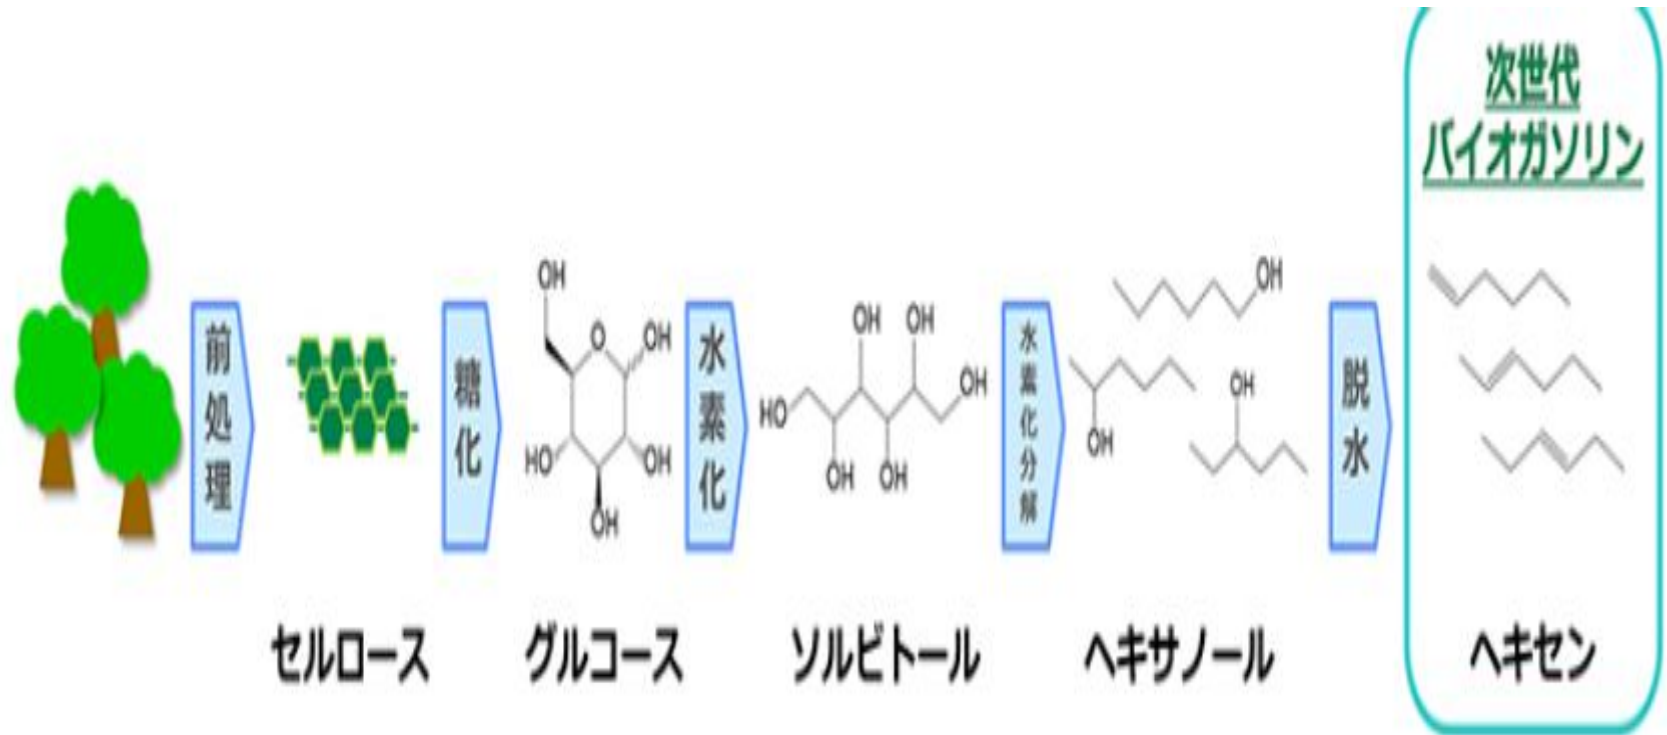

CO₂

Revo International, Inc. Biofuel

Refining waste oil from households
→ Reuse things that would normally be
discarded

Biofuels from Showa Shell Sekiyu K.K.

No use of **food** or **plants**.

→ **No impact on** the ecosystem

→ **Stable supply**

Technology of Biofuels
are already developed.

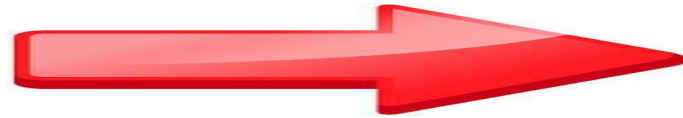

However...

No operating
system of
biofuel

proposal Fuel Movement

Home

Donation of
