

EDUCATIONAL INEQUALITY

What is Educational Inequality?

- An unequal distribution of academic resources
- One of the goals of SDGs

e.g. School funding

Qualified and Experienced Teachers

Books

Technology

According to the Unicef Organization...

- Children in Cambodia are failing to reach learnings standards appropriate for their age
- 25% in grade 3 can't write a single word
- 27% between the ages of 3 to 5yr olds are on track
- At 17yr old, 55% will have dropped out

At Keimei Gakuen...

Questionnaires

From our questionnaire...

Parents Dropout Rates (Elementary School)

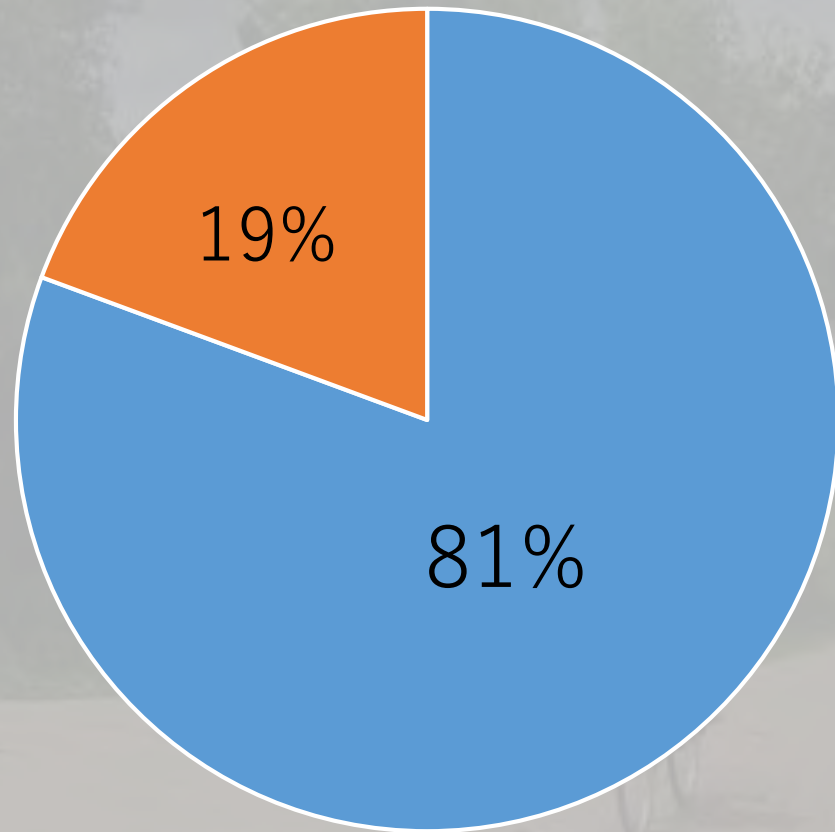

***Children from** 

Tropean Play High School
Russei Lok Secondary School
Hun Sen Samhong High School

Results from the questionnaire:
51 students at the three schools above
March and October in 2021

Do these children have a proper study environment?

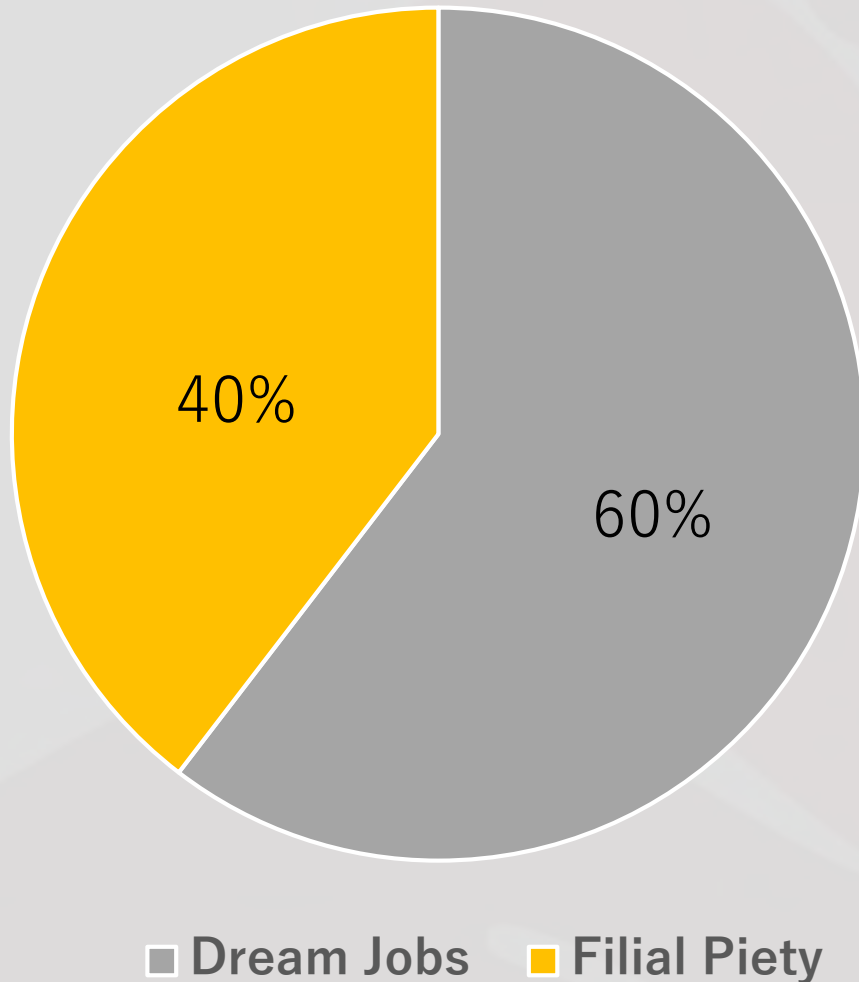

■ No ■ Yes

***No room**

Children not living with their parents is normalized

Future Dreams

***Filial Piety + Dream Job**

***"Giving Back" is a big value**

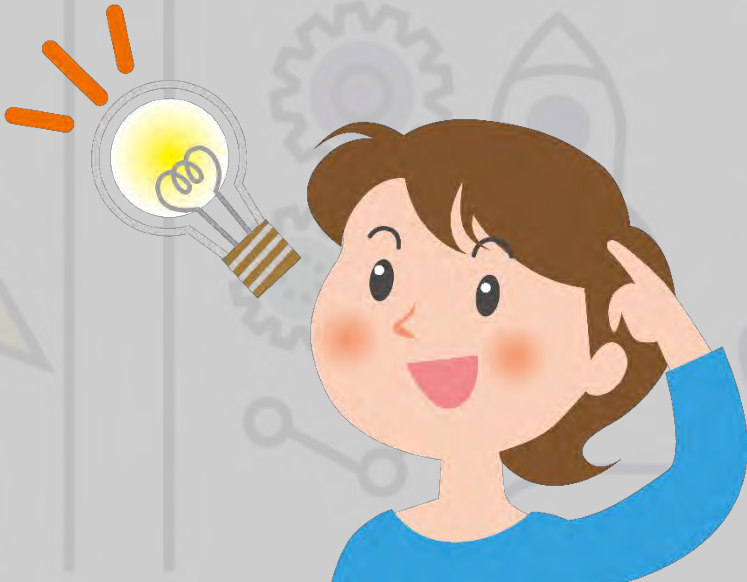

~~Landing a dream job = normal~~

Landing a dream job is rarely achieved

How to Support

More understanding in other's situation
Our normal isn't equal to their normal

- We can support parents in Cambodia
- We can offer them supplies
- Provide art and show joy of attending school
- A little goes a long way

THANK YOU!
