Research and Results

1. Survey at Tradition Hall

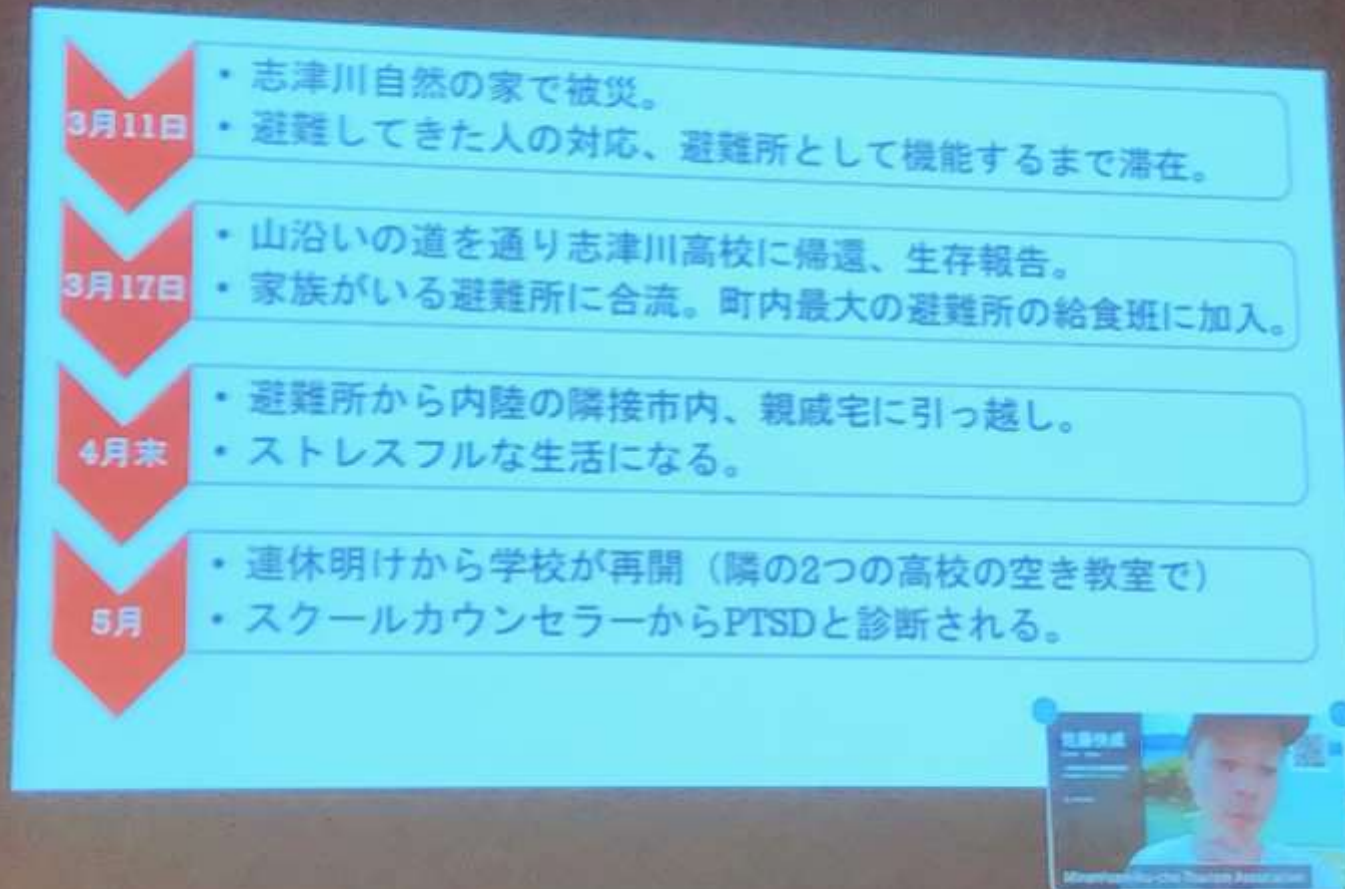

1. Survey at Tradition Hall

It's better to go directly to the hill.

2. Lecture from Victims

2. Lecture from Victims

Don't underestimate!

3. Questionnaire to the students

津波避難訓練についてのアンケート

お忙しいところ恐縮ですが、答えていただけると幸いです。

題名

本校は鶴見区から津波避難施設に指定されています。本校の津波避難訓練を見直すことで、地域の人に安心してもらえると思い、研究をしています。そこで、生徒の皆さんが本校の津波避難訓練についてどのように思っているのかを調査するためにアンケートをしたいと思います。よろしくお願いいたします。

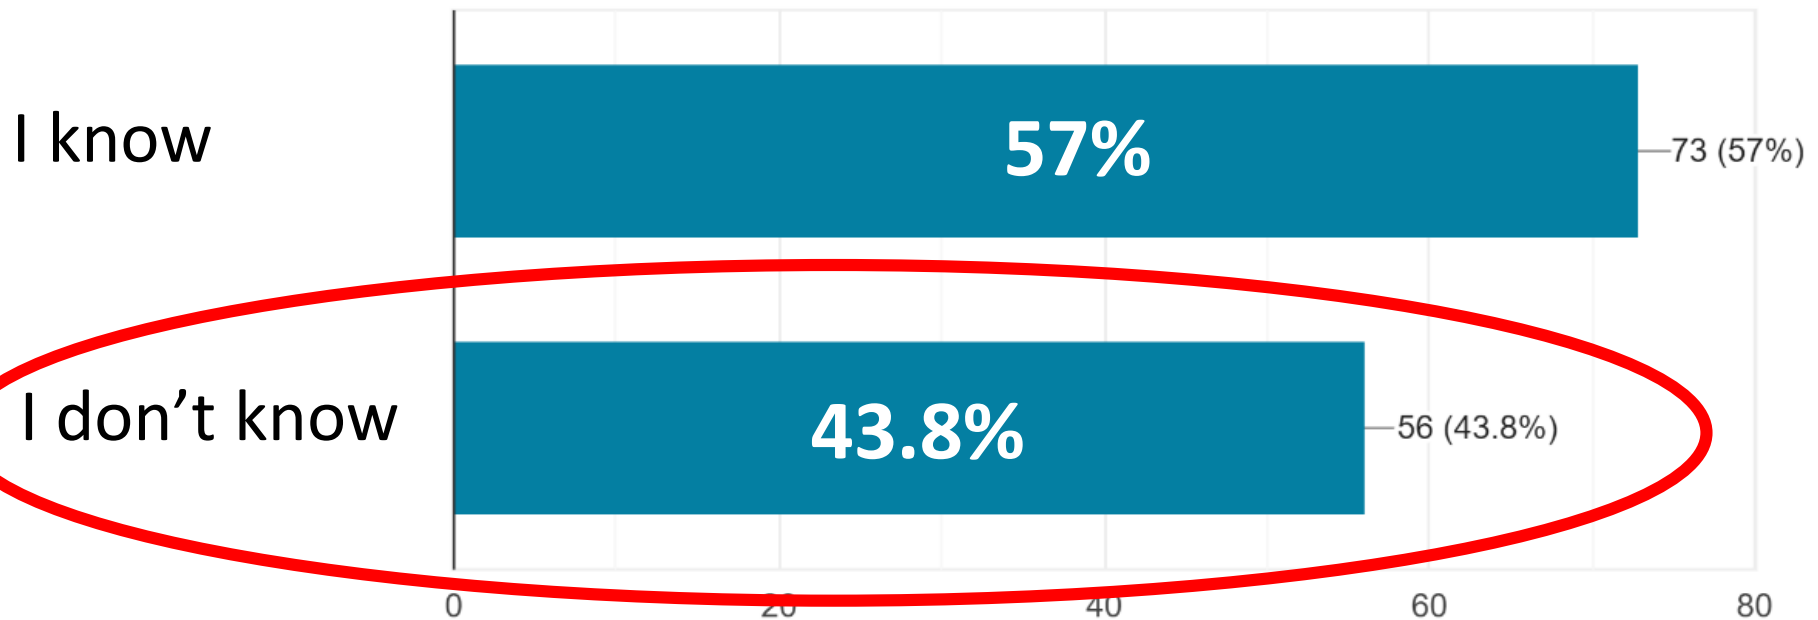

①本校の津波避難の方法を知っていますか？(コミュニケーションコートに、一次避難してその後3階以上に避難するという方法)

☐ 知っている

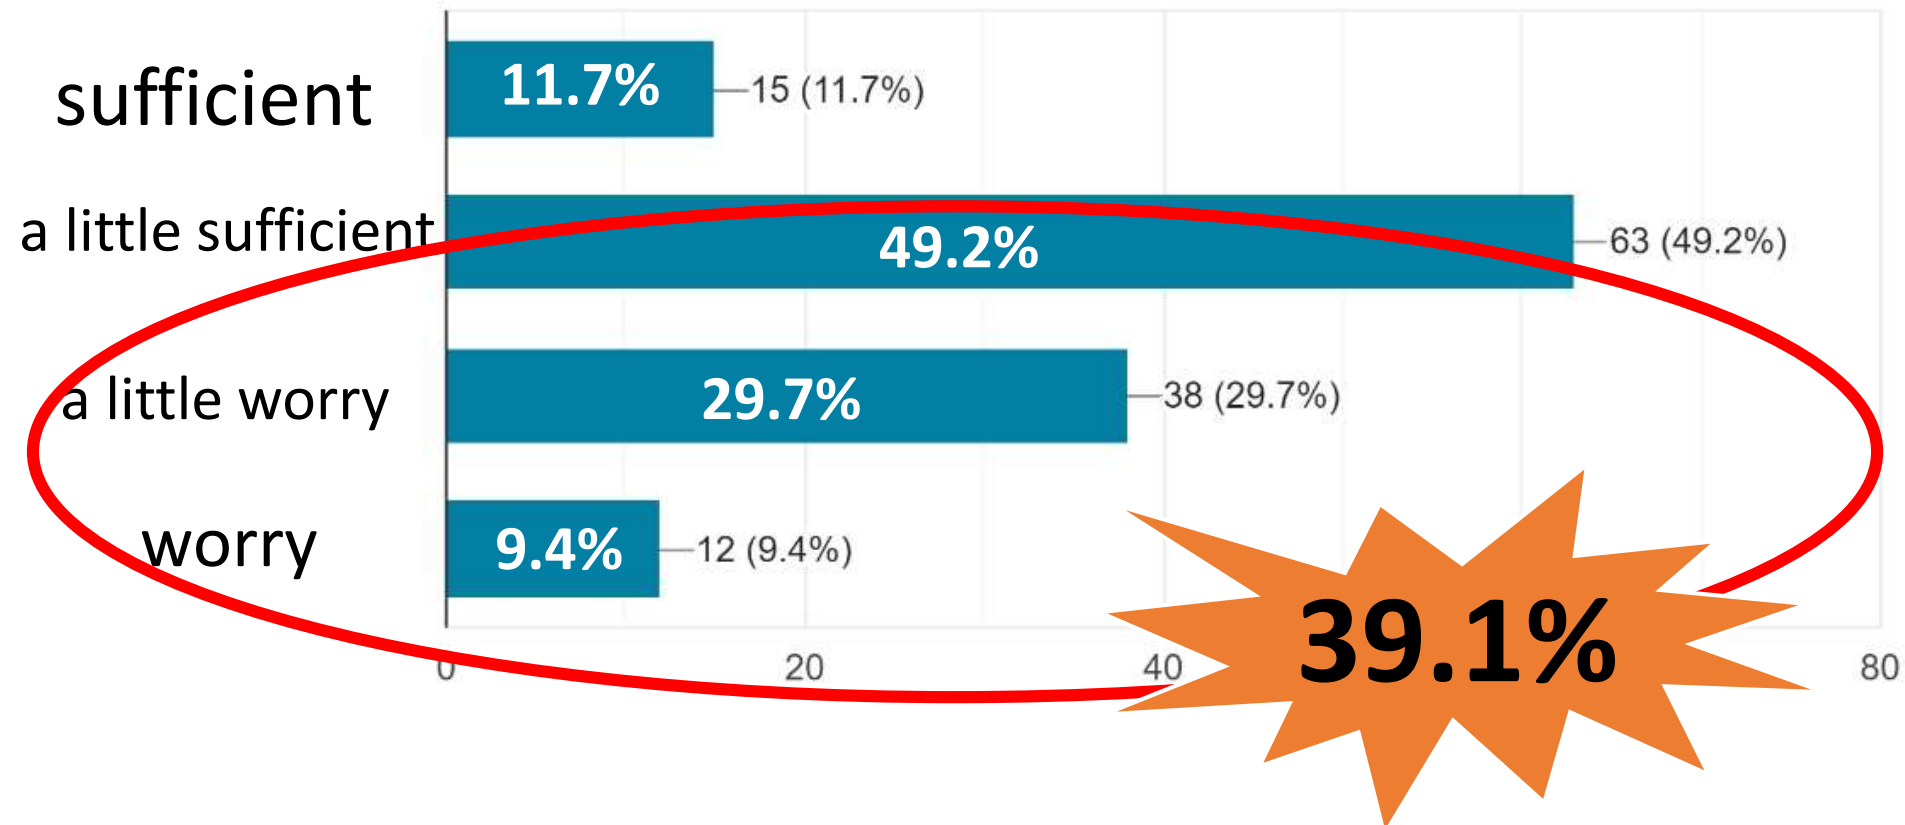

☐ 知らない

3. Questionnaire to the students

① Do you know our school *Tsunami* evacuation drills?

② Do you think that the current evacuation method is sufficient for evacuation?

③ If you answered "I'm a little worried" or "I'm worried", why do you think so?

Ex.

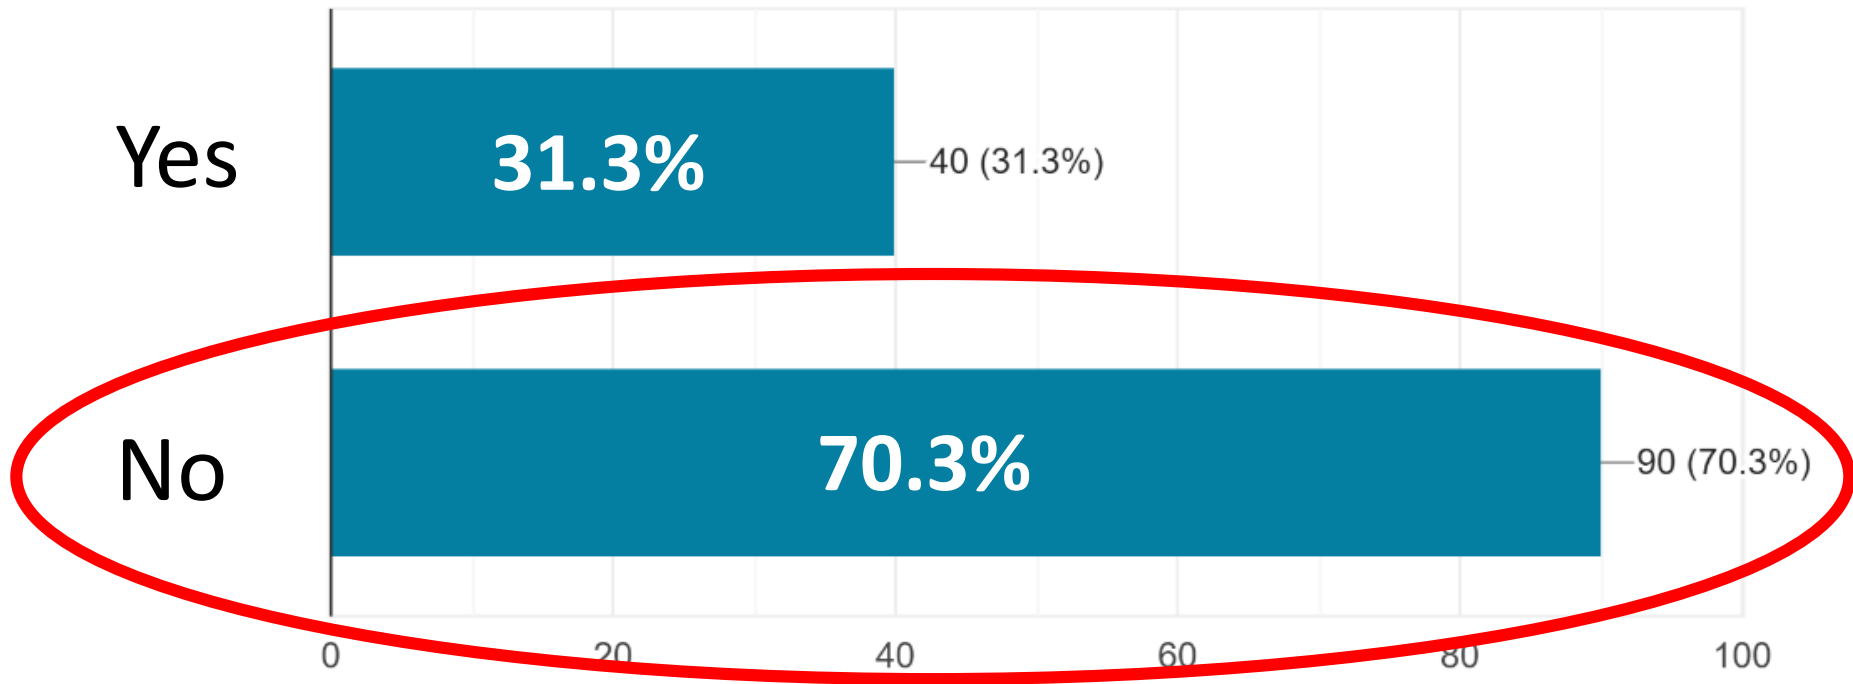

The schoolyard is low above sea level

Maybe life is not saved on the third floor

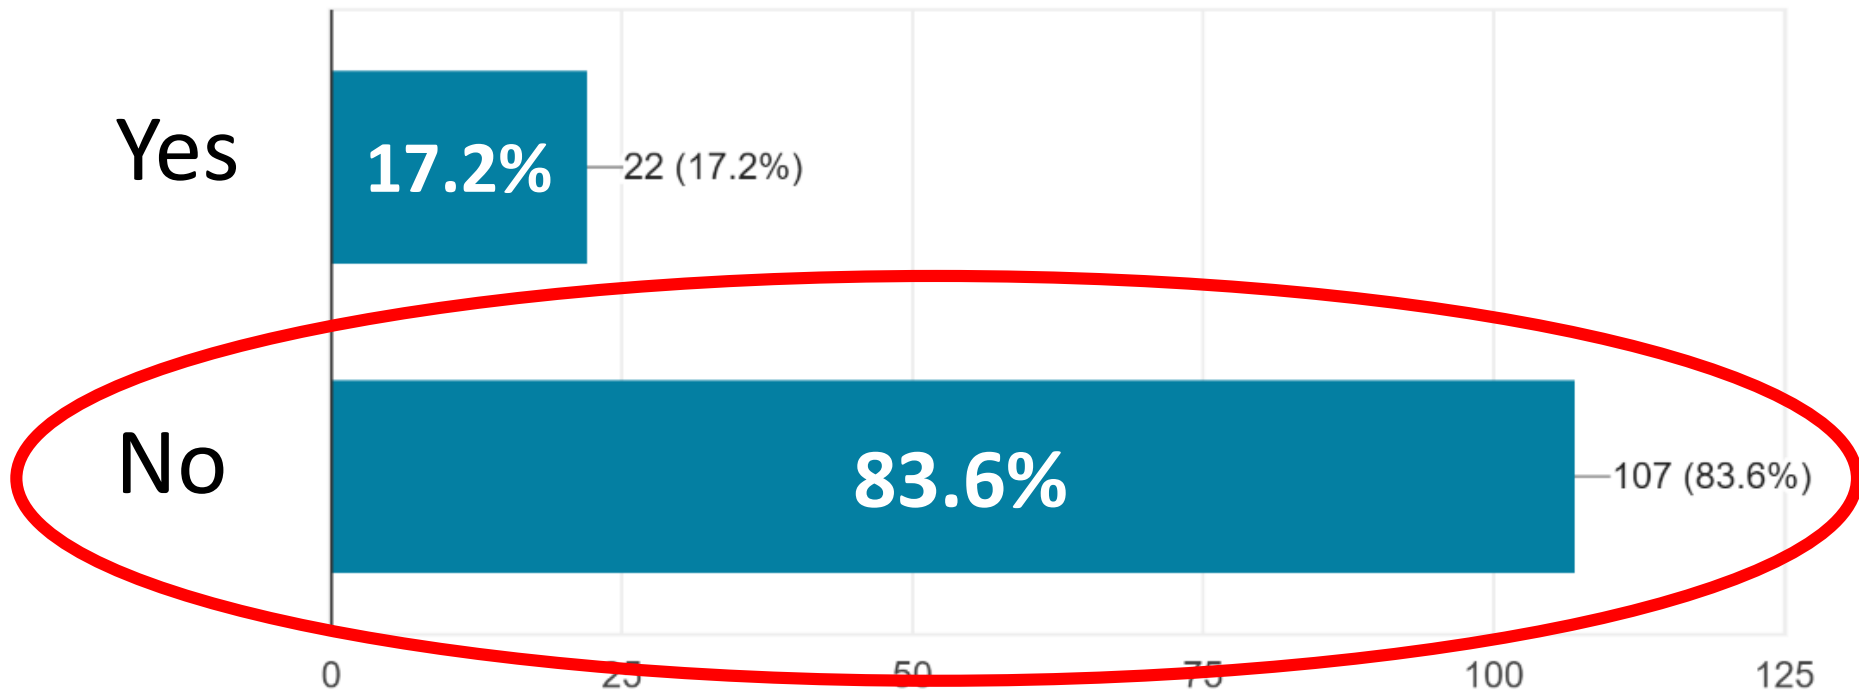

Less practice

Large number of people

④ Have you seen the hazard map of Tsurumi Ward?

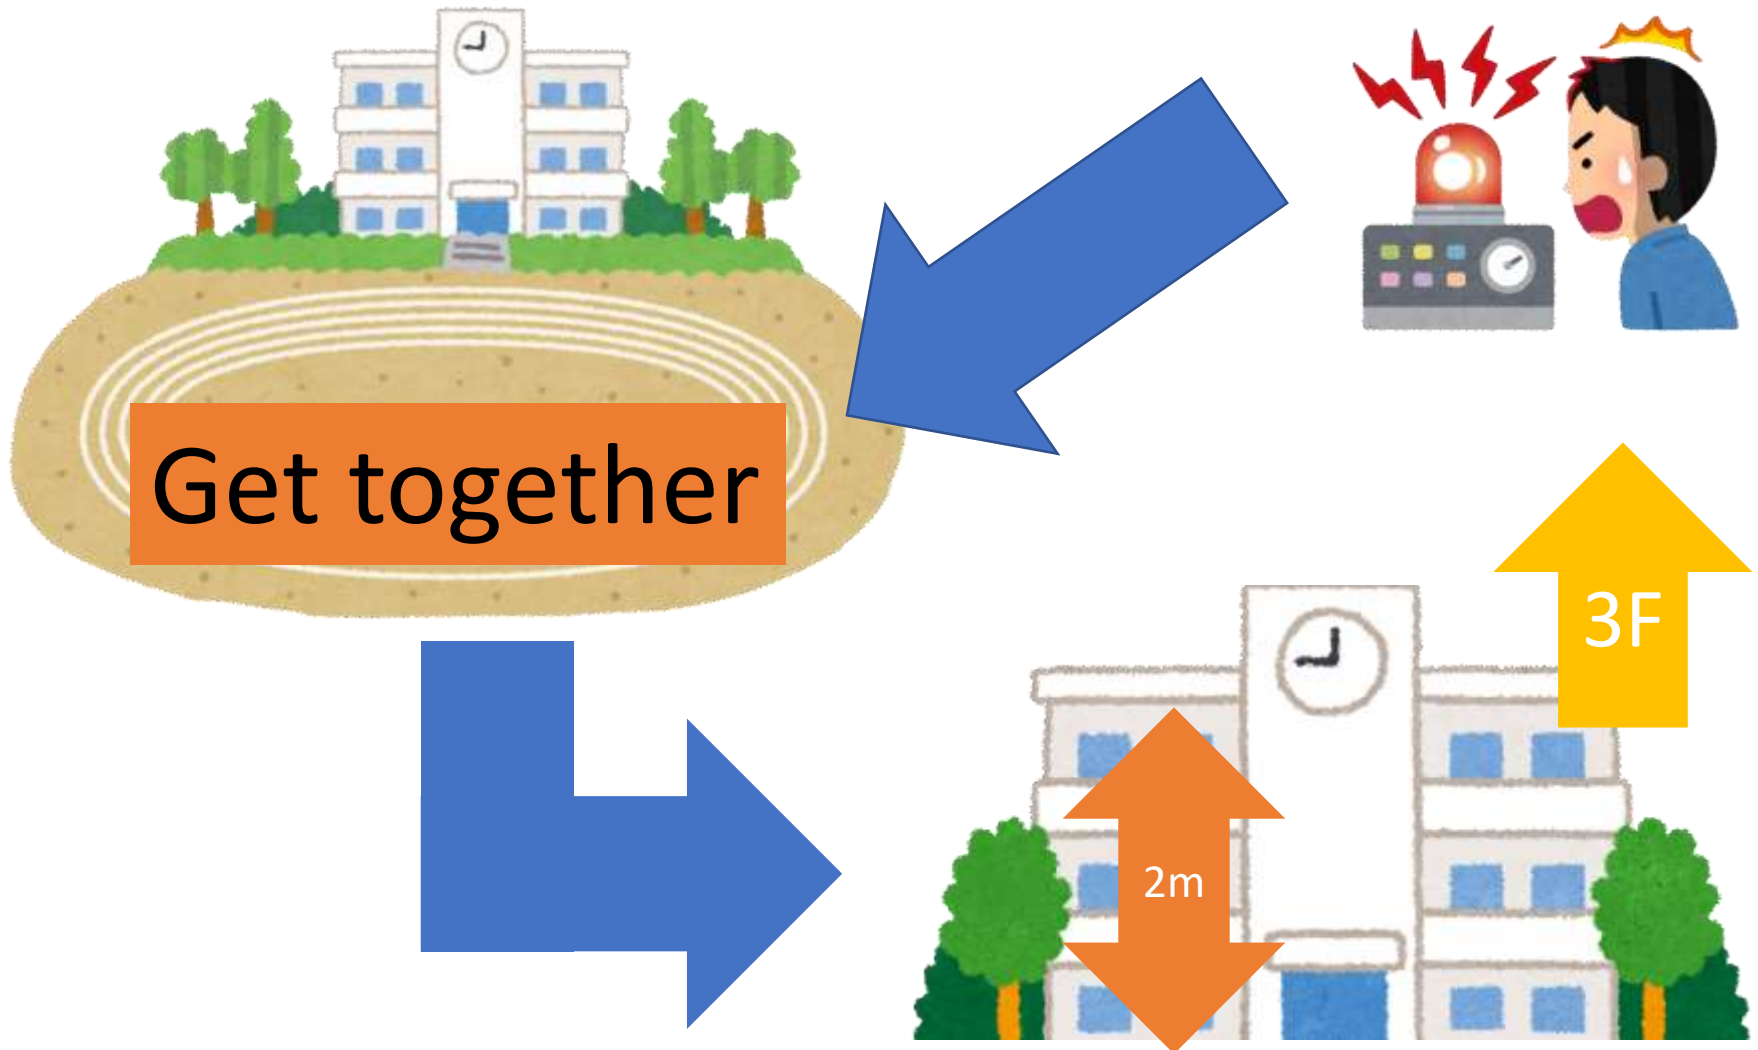

⑤ Do you know disaster prevention bases and regional evacuation sites?

Conclusion

Now

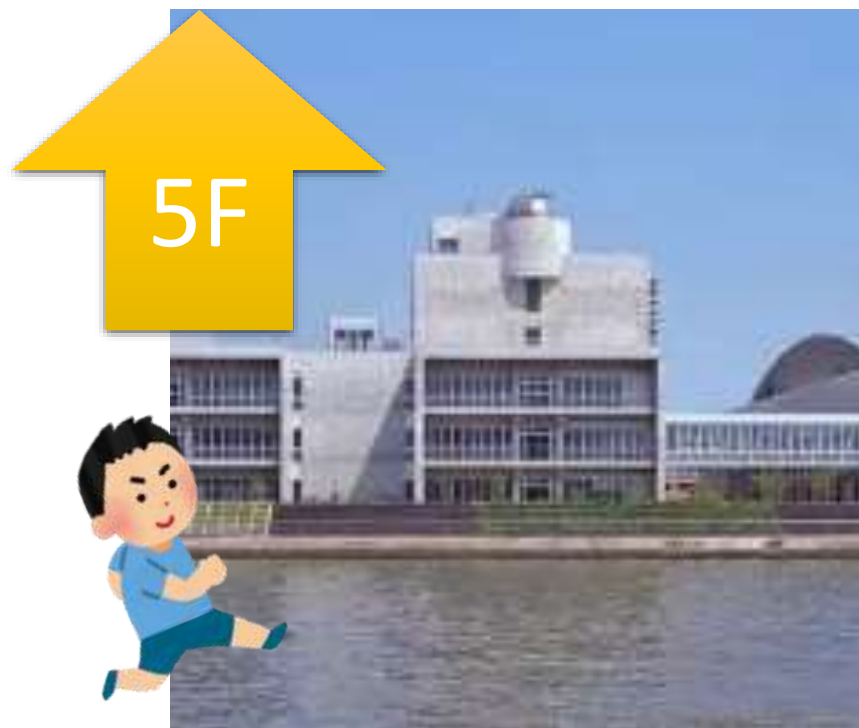

Our school's *Tsunami* evacuation drills

Reforming

Our school's *Tsunami* evacuation drills

Evacuate directly to the fifth floor !

The background is a solid teal color. It features several decorative elements: white dotted patterns in the top-left, top-center, and bottom-left corners; and light teal, organic, cloud-like shapes in the top-right, middle-left, and bottom-left areas.

Thank you for listening!
