

The possibility of **independent league**

Kumamoto High School 2nd graders

1. Research motive

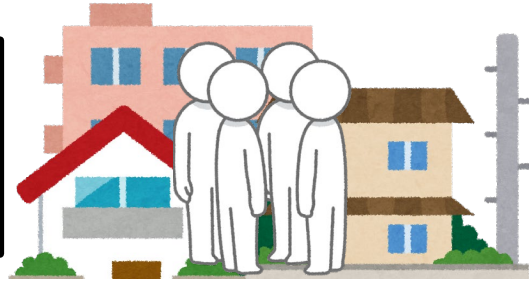

1

Member's
grandparents
live in Shikoku.

2

Shikoku is
facing
depopulation.

3

Shikoku has
professional
baseball team.

4

promoting the activities
of the team

**we will be able to make
local areas revitalized!!**

2. The result of research

First, we started to make an survey of professional baseball teams.
We cooperate with “**Hokkaido Nippon-ham Fighters**”.

2. The result of research

Fighters are doing **“Sports community activities”**

For example

Hokkaido has 179
municipal supporters

Off-professional baseball
talk show

Fighters is helping revitalize local economy

2. The result of research

Second, we started to study the Independent league.

Kochi Fighting Dogs & Kumamoto Hinokuni Salamanders.

2. The result of research

Good points of independent league

Independent leagues are found all over Japan
and they are more community-based.

We can interact with their players very closely.

They can play baseball as professional players,
receiving salary

**The good players can be adopted by the
baseball teams of NPB**

a picture of Hinokuni Salamanders

2. The result of research

Our volunteer activities

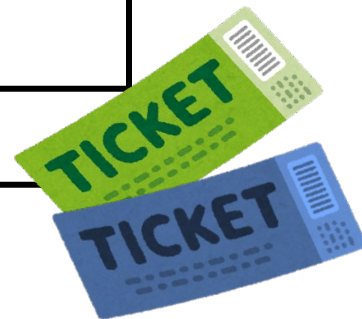

We volunteered to help Hinokuni Salamanders

we did cleaning around the stadium

we sold tickets of their games

we put up signboards

we put away flags

2. The result of research

Through these activities

We were able to know the activities of the Salamanders staff

They made a lot of effort to develop the independent league

**We want more local people to know
about these activities and liven them up more!!**

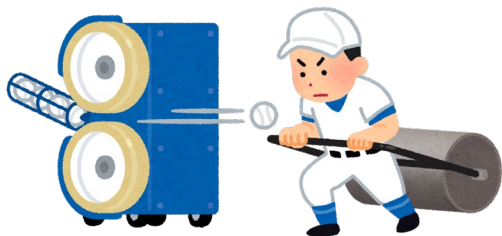

3. What can we do?

We can go to watch the games

If we buy tickets of the games, the teams can get a lot of money.

The teams can do **various things**.

buying equipment

giving a lot of salary

doing community contribution

4. Summary

We will suggest local league baseball team develop **stadium foods** and **hold a baseball class**.

We want to continue this research to help our local areas **more attractive**.

Thank you for watching and liste
