Creating a Better Business Model for Japan's Future

--Using the Power of ICT--

Number of People Who Leave Their Jobs

Nursing care:

90,000 people

each year

Childbirth:

47%

Using ICT may solve this issue!

Our Suggestions

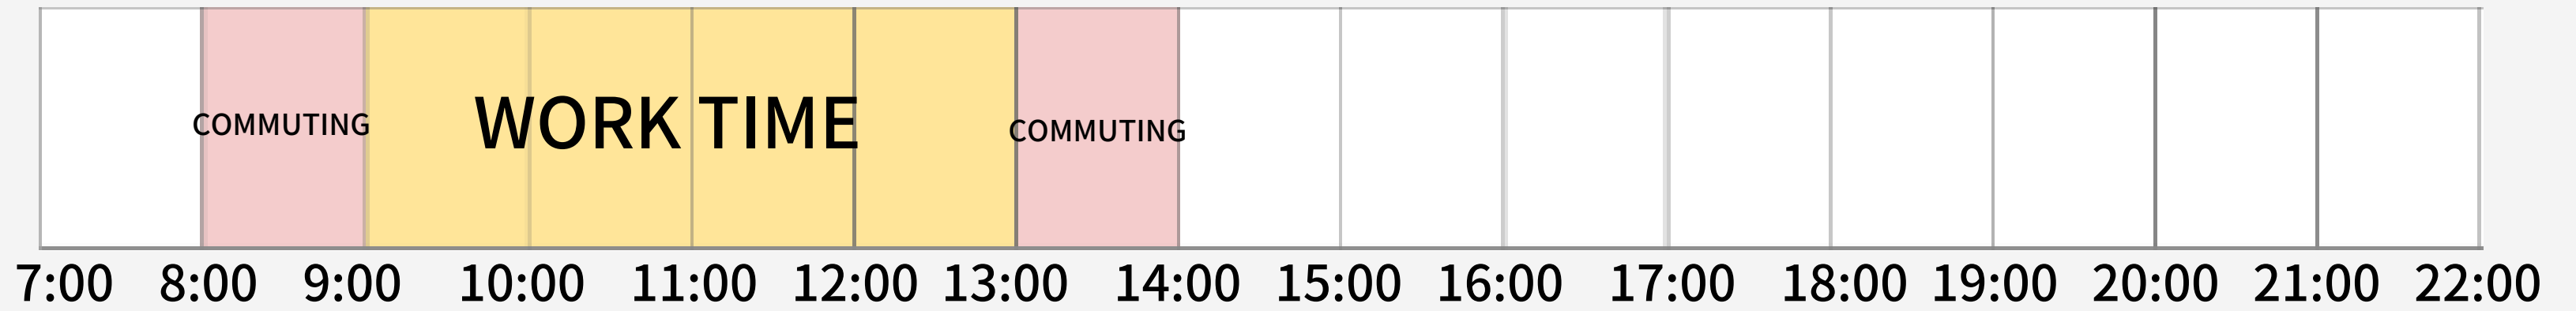

- 1. Promotion of flexible work arrangement**
- 2. Facilitating equal information and employee bonding through ICT**

Promotion of flexible work arrangement

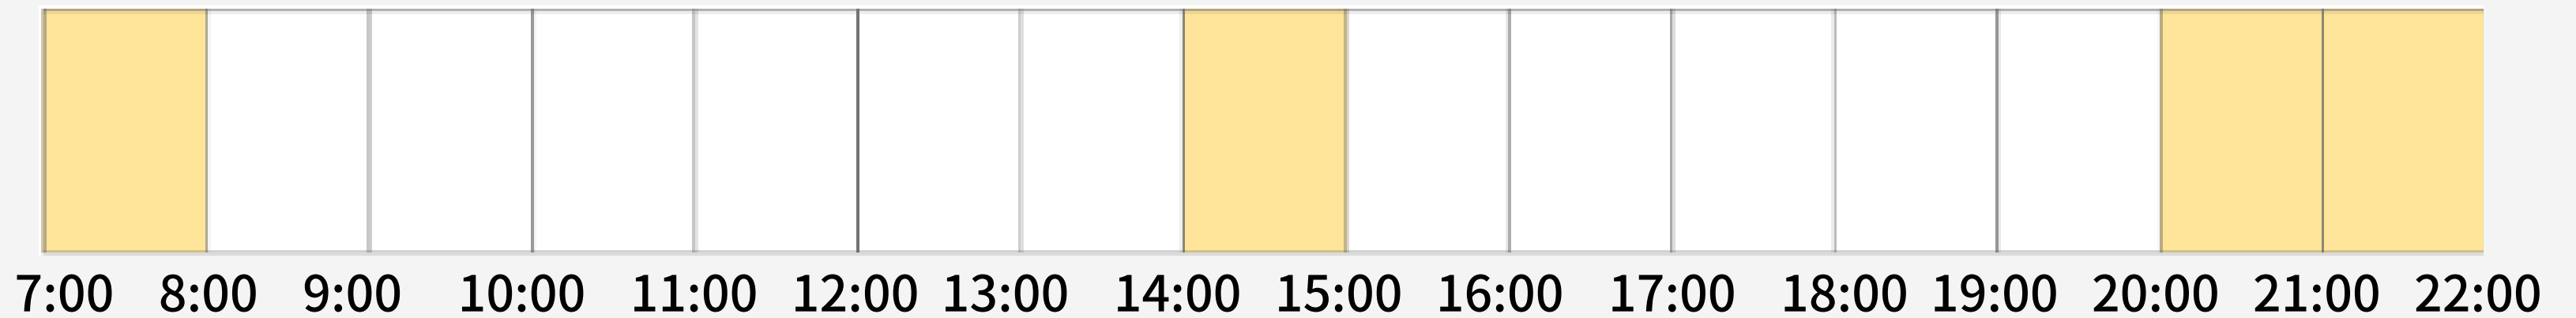

Divide work time and work from home

Today's System

Our System

Benefits

Individuals:

Being able to work, receive income

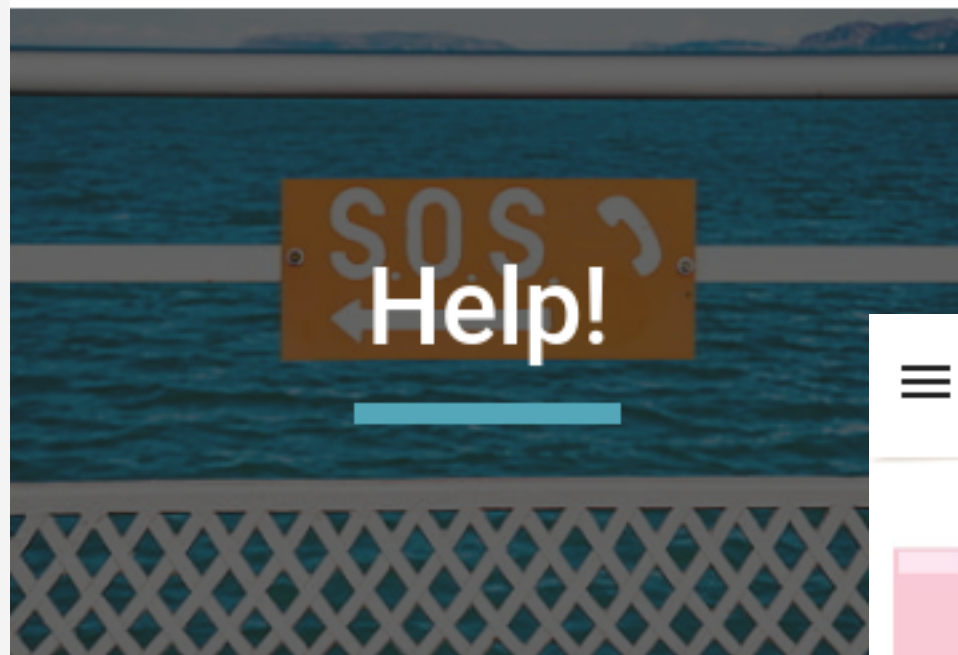

Companies:

Prevent the loss of excellent human resources

Facilitating equal information and employee bonding through ICT

Katherine Fletcher (Marketing Department): The printer has broken...I need someone to repair it soon!

Mark Zeen (Technical Department): Okay, I'll go fix it in a minute.

Website

Minutes of the meeting on 11/7 (For those who were unable to attend the meeting)

We have decided to launch a new project (Project B) in order to produce a new smartphone. 12 employees will be divided into groups of 3 to come up with the design for the model. The due date for the designs is 11/22, so employees who are doing this project, please try to think of creative designs!
