

Food loss and Our Society

Reduce food loss and enhance
environmental sustainability

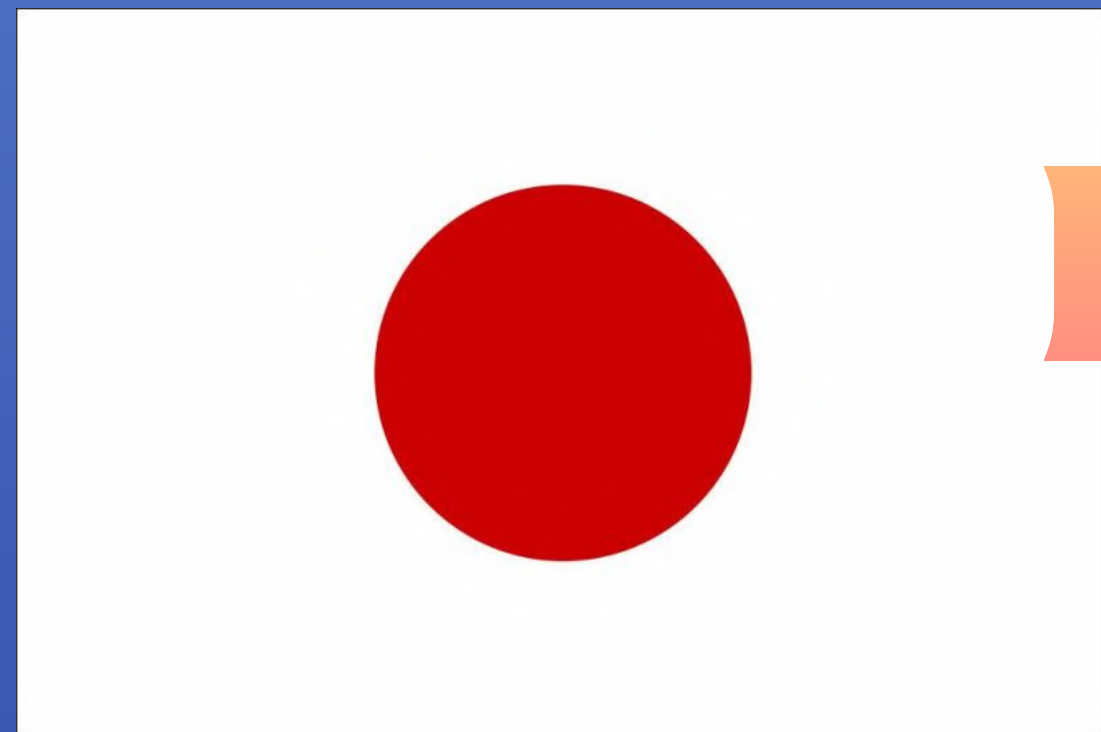

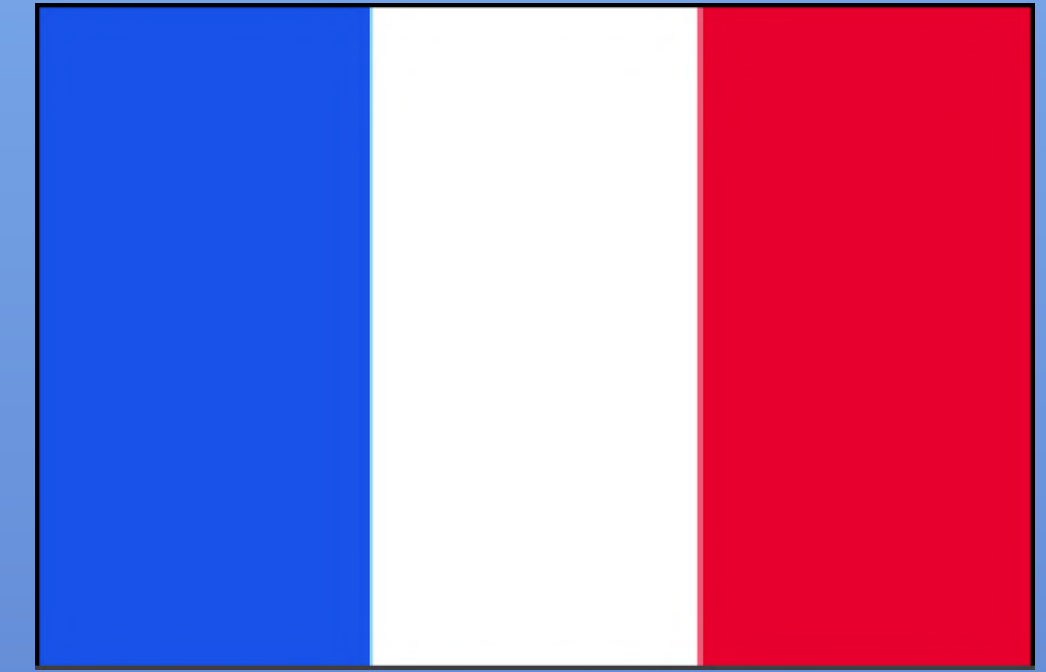

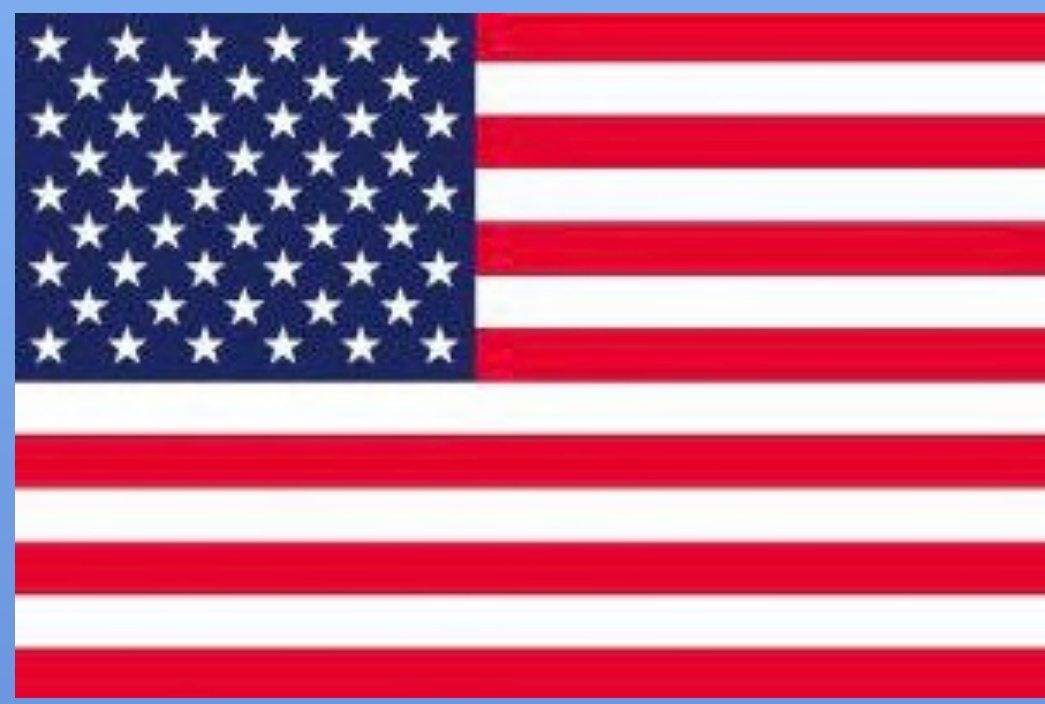

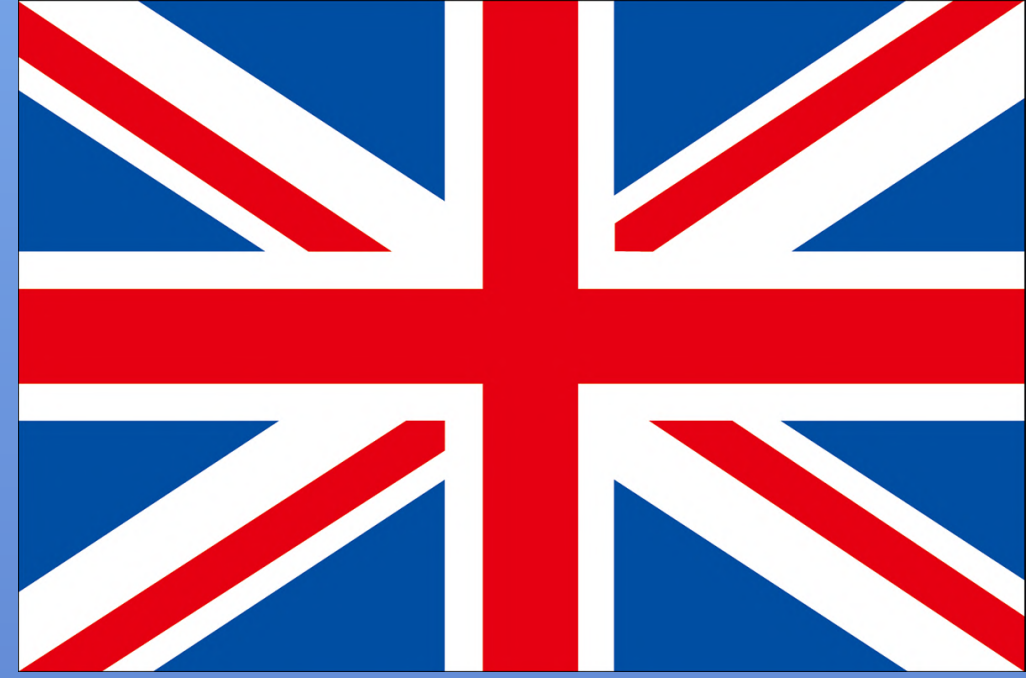

食品ロスと私たちの社会

食品ロスを削減し、環境の持続可能性を高める

【GI class】

**Our class broaden our horizons
and fosters global leaders who can
contribute to international society.**

Nakamura Gakuen Girl's High School

Food loss
Foodwaste

【The present state】

Starvation

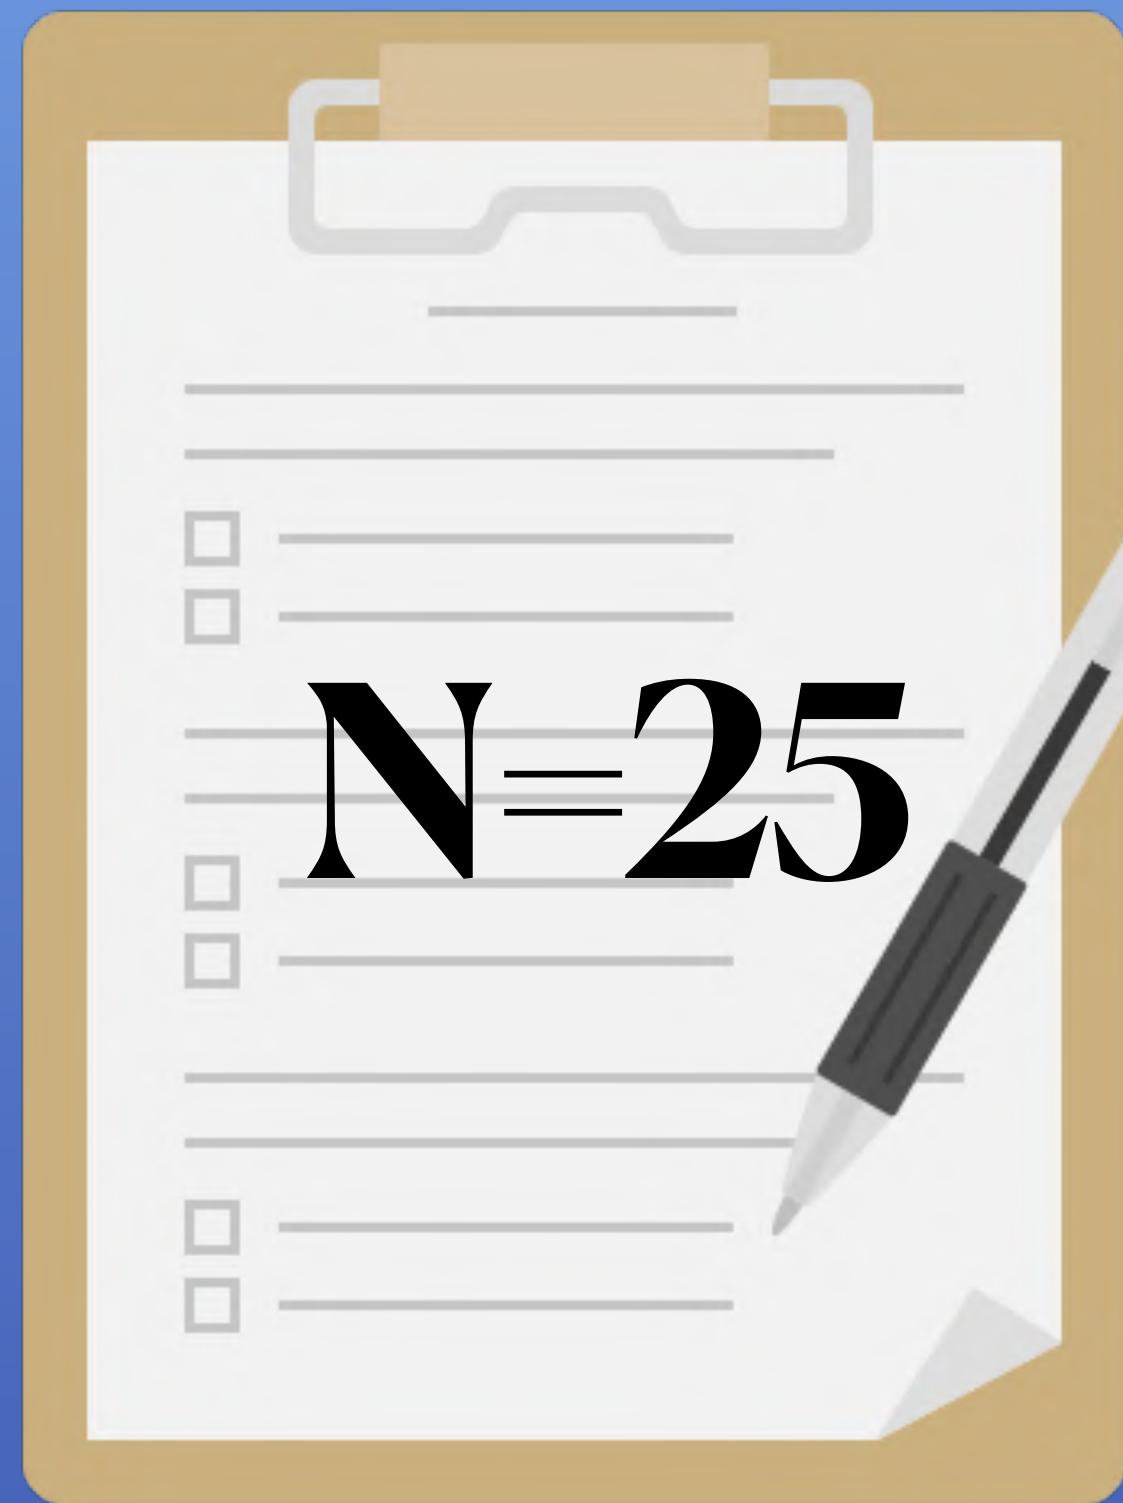

Global Warming

【Research questions】

- ① How do we get people to **know** about food loss ?
- ② How do we get many people to **take action** to reduce food loss ?

【Research Methods】

Questionnaire(Google Form)

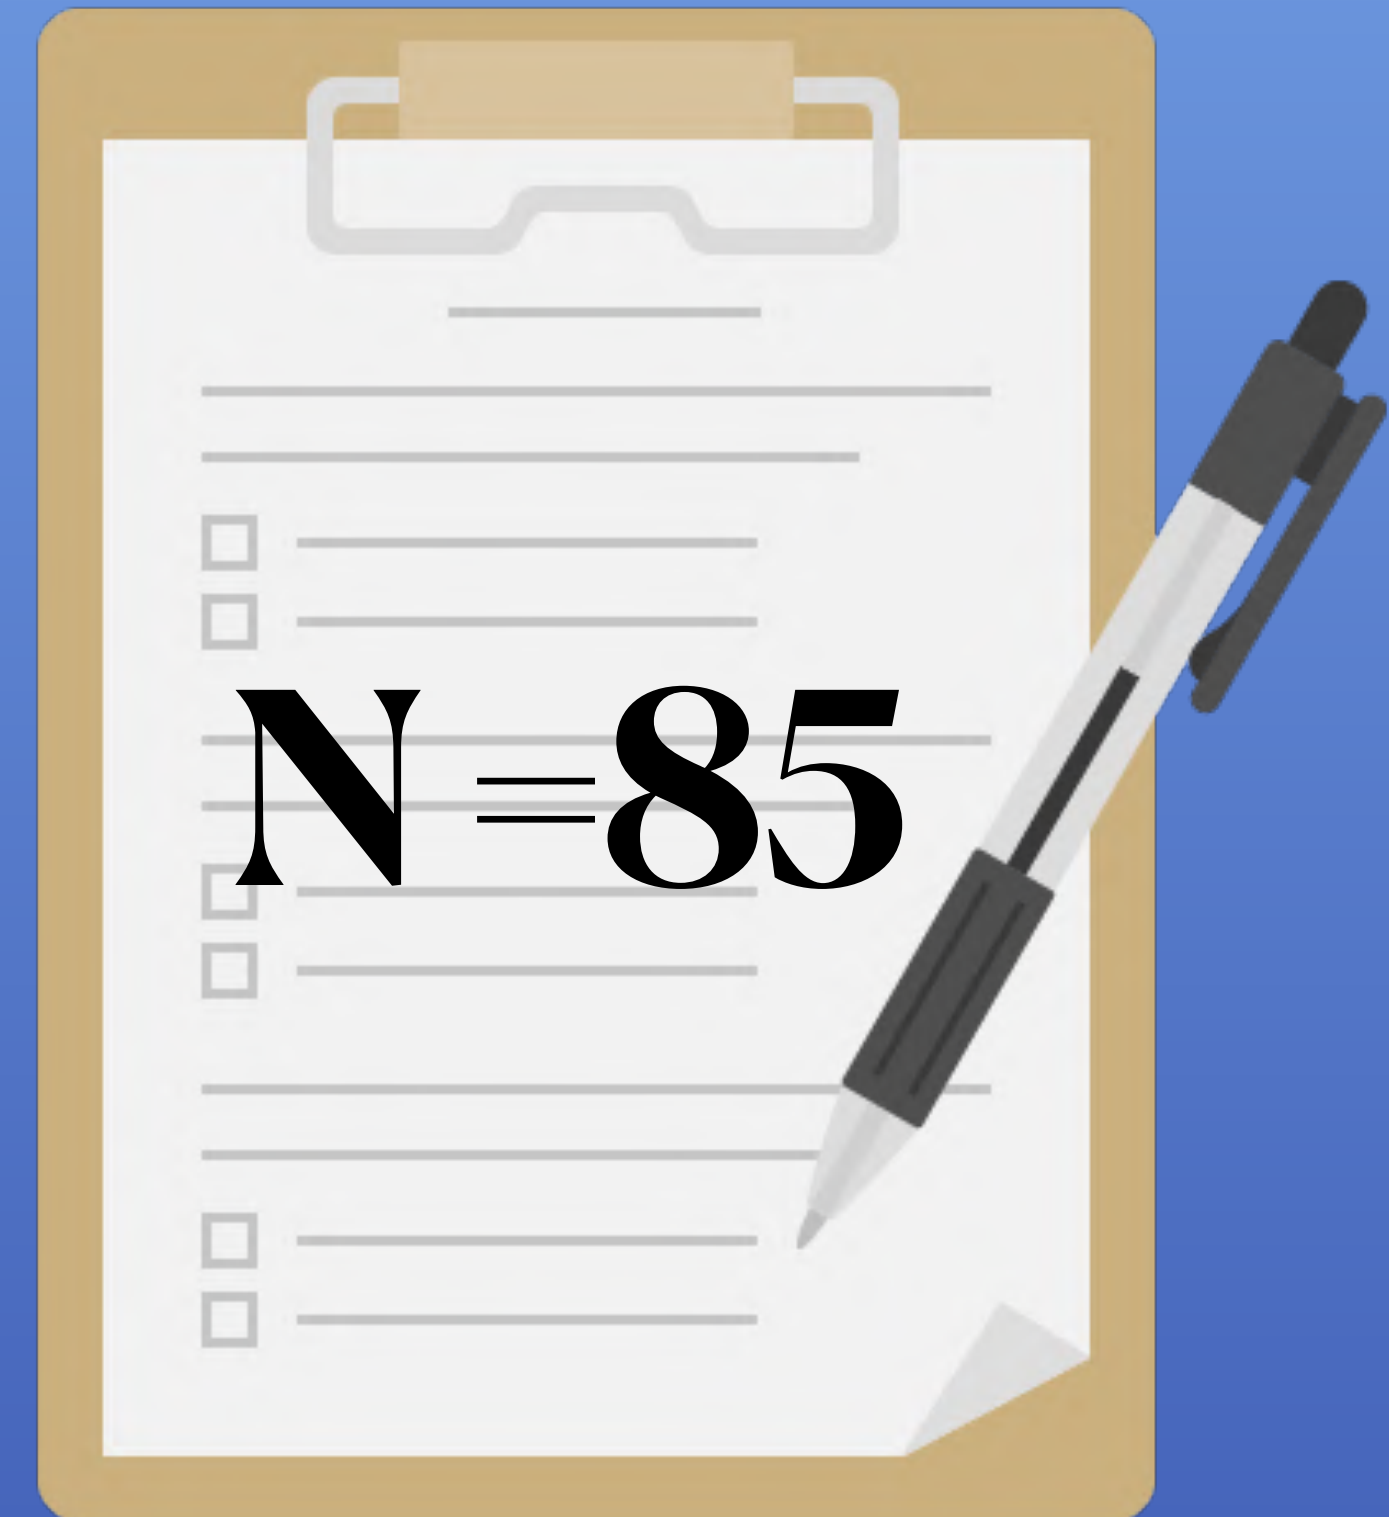

N=25

GI class

About food loss

**110 students
second grade**

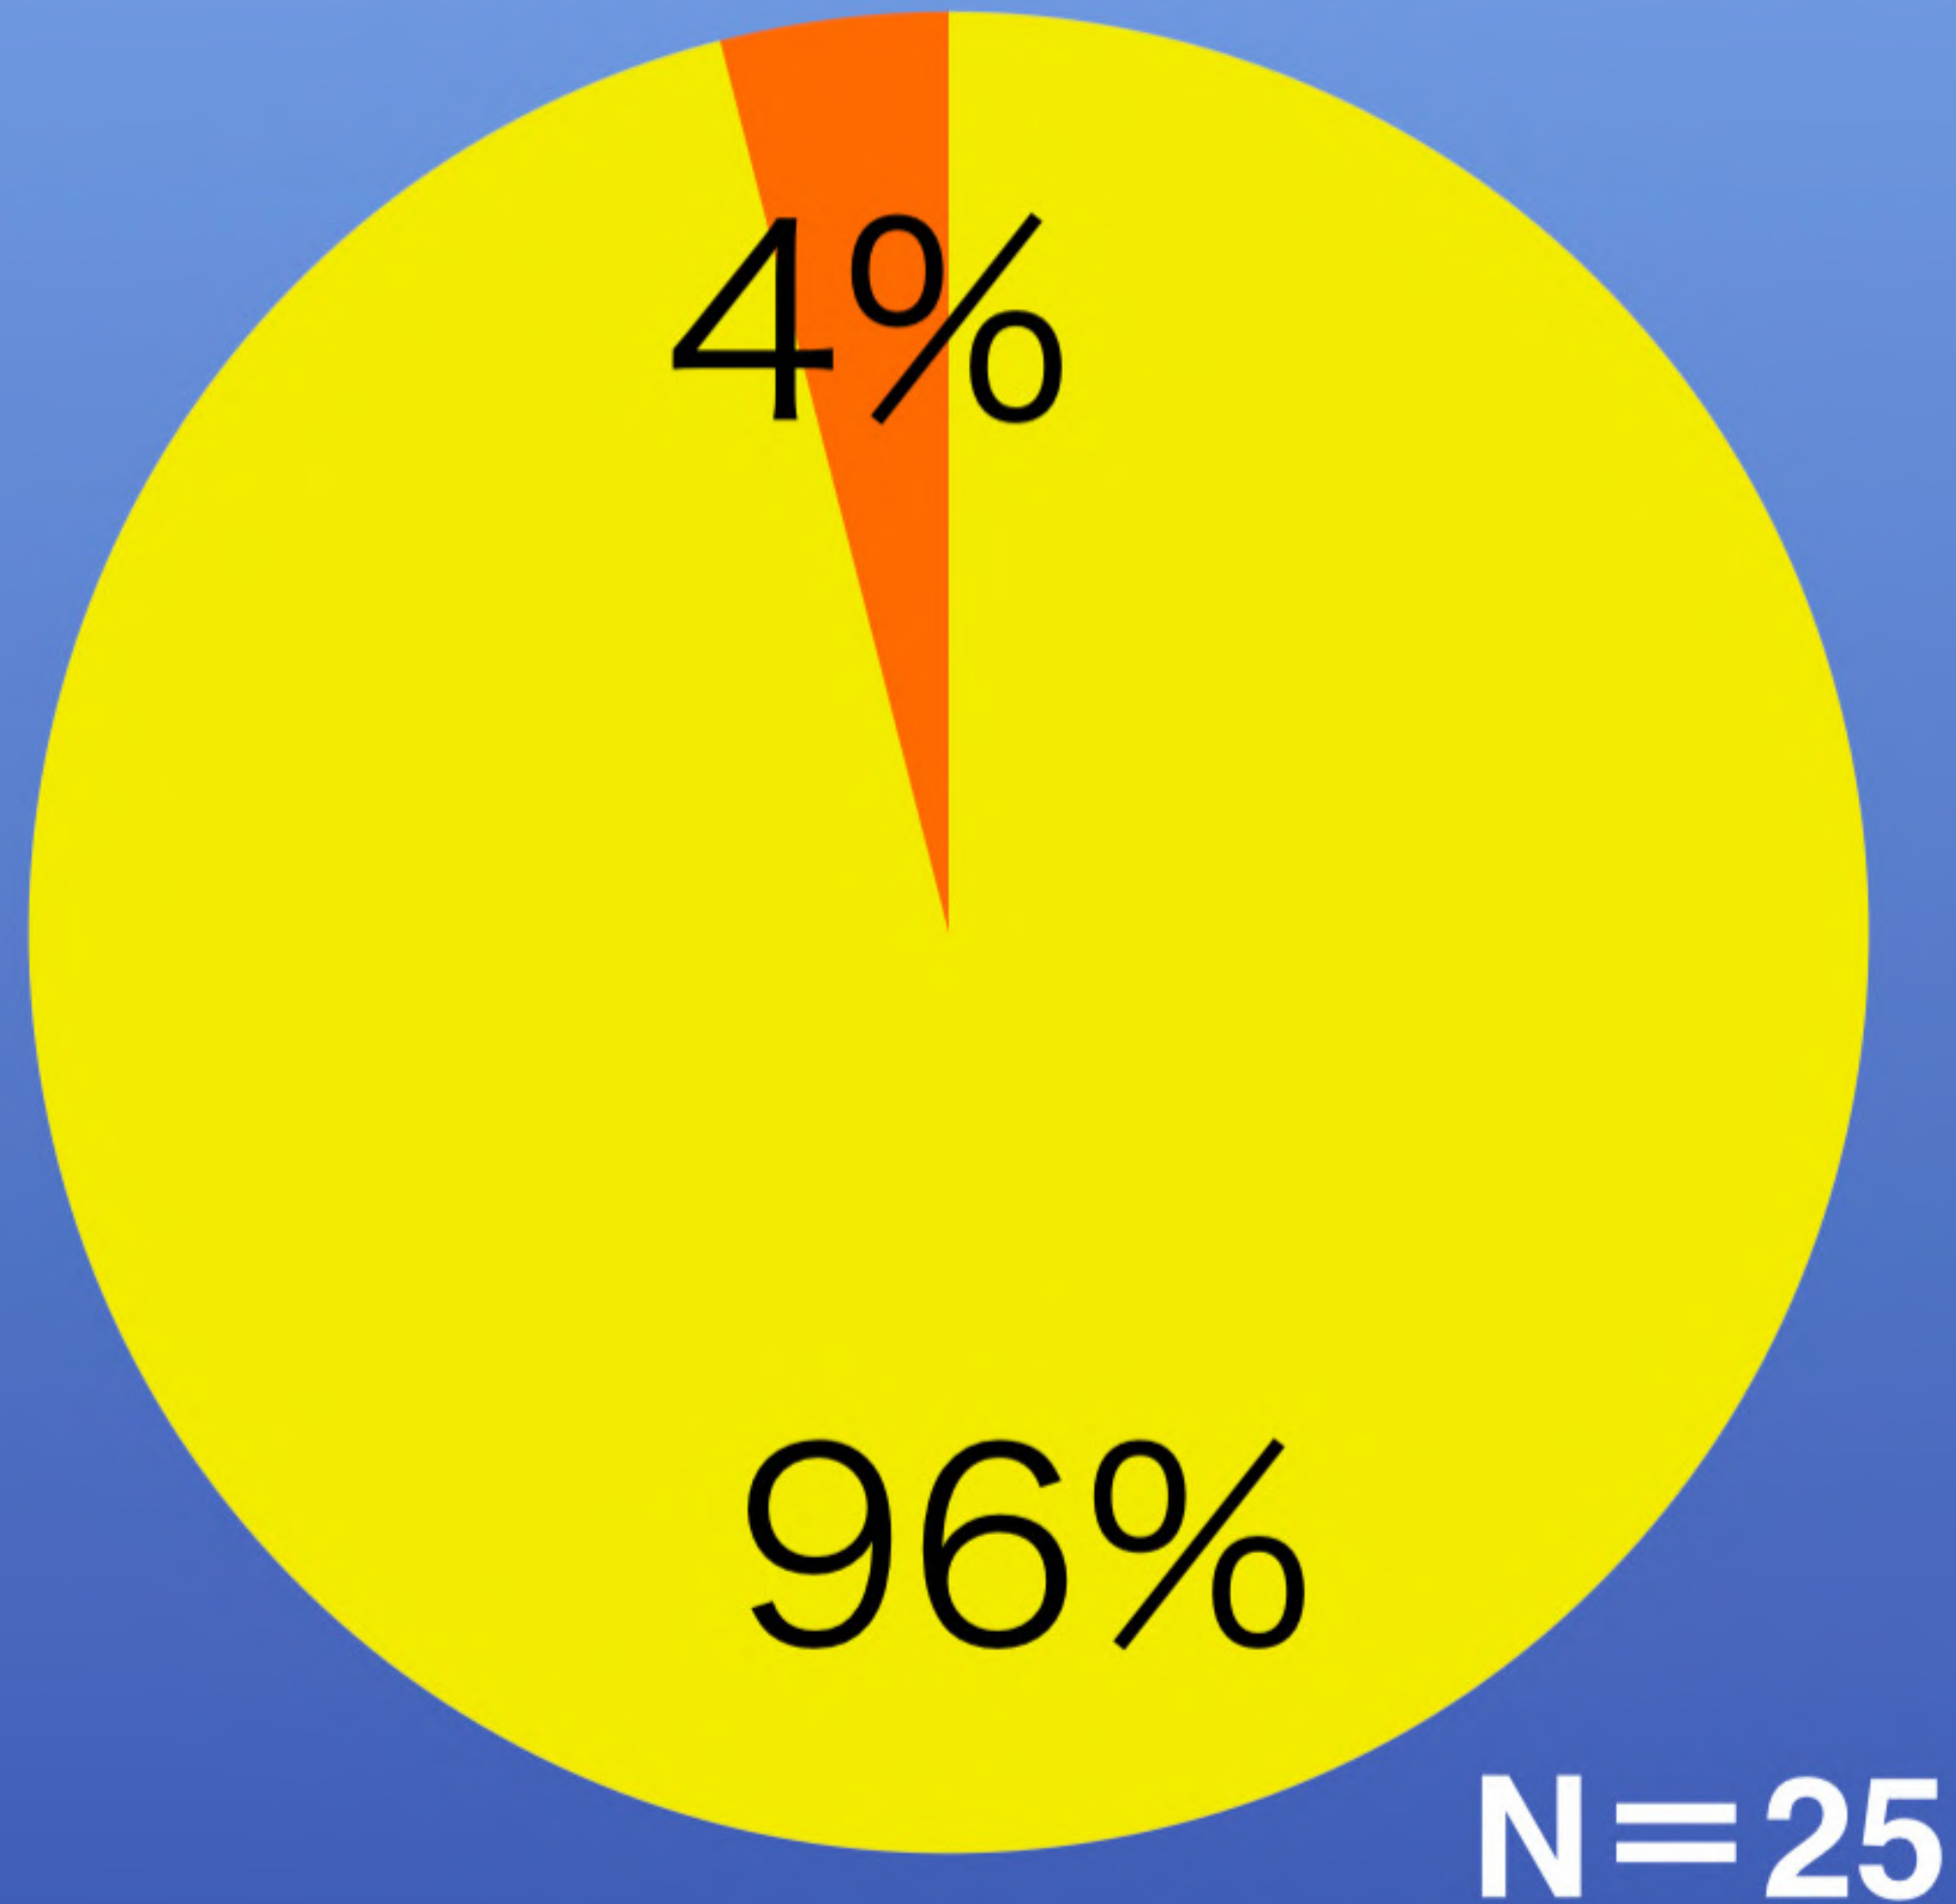

N=85

General class

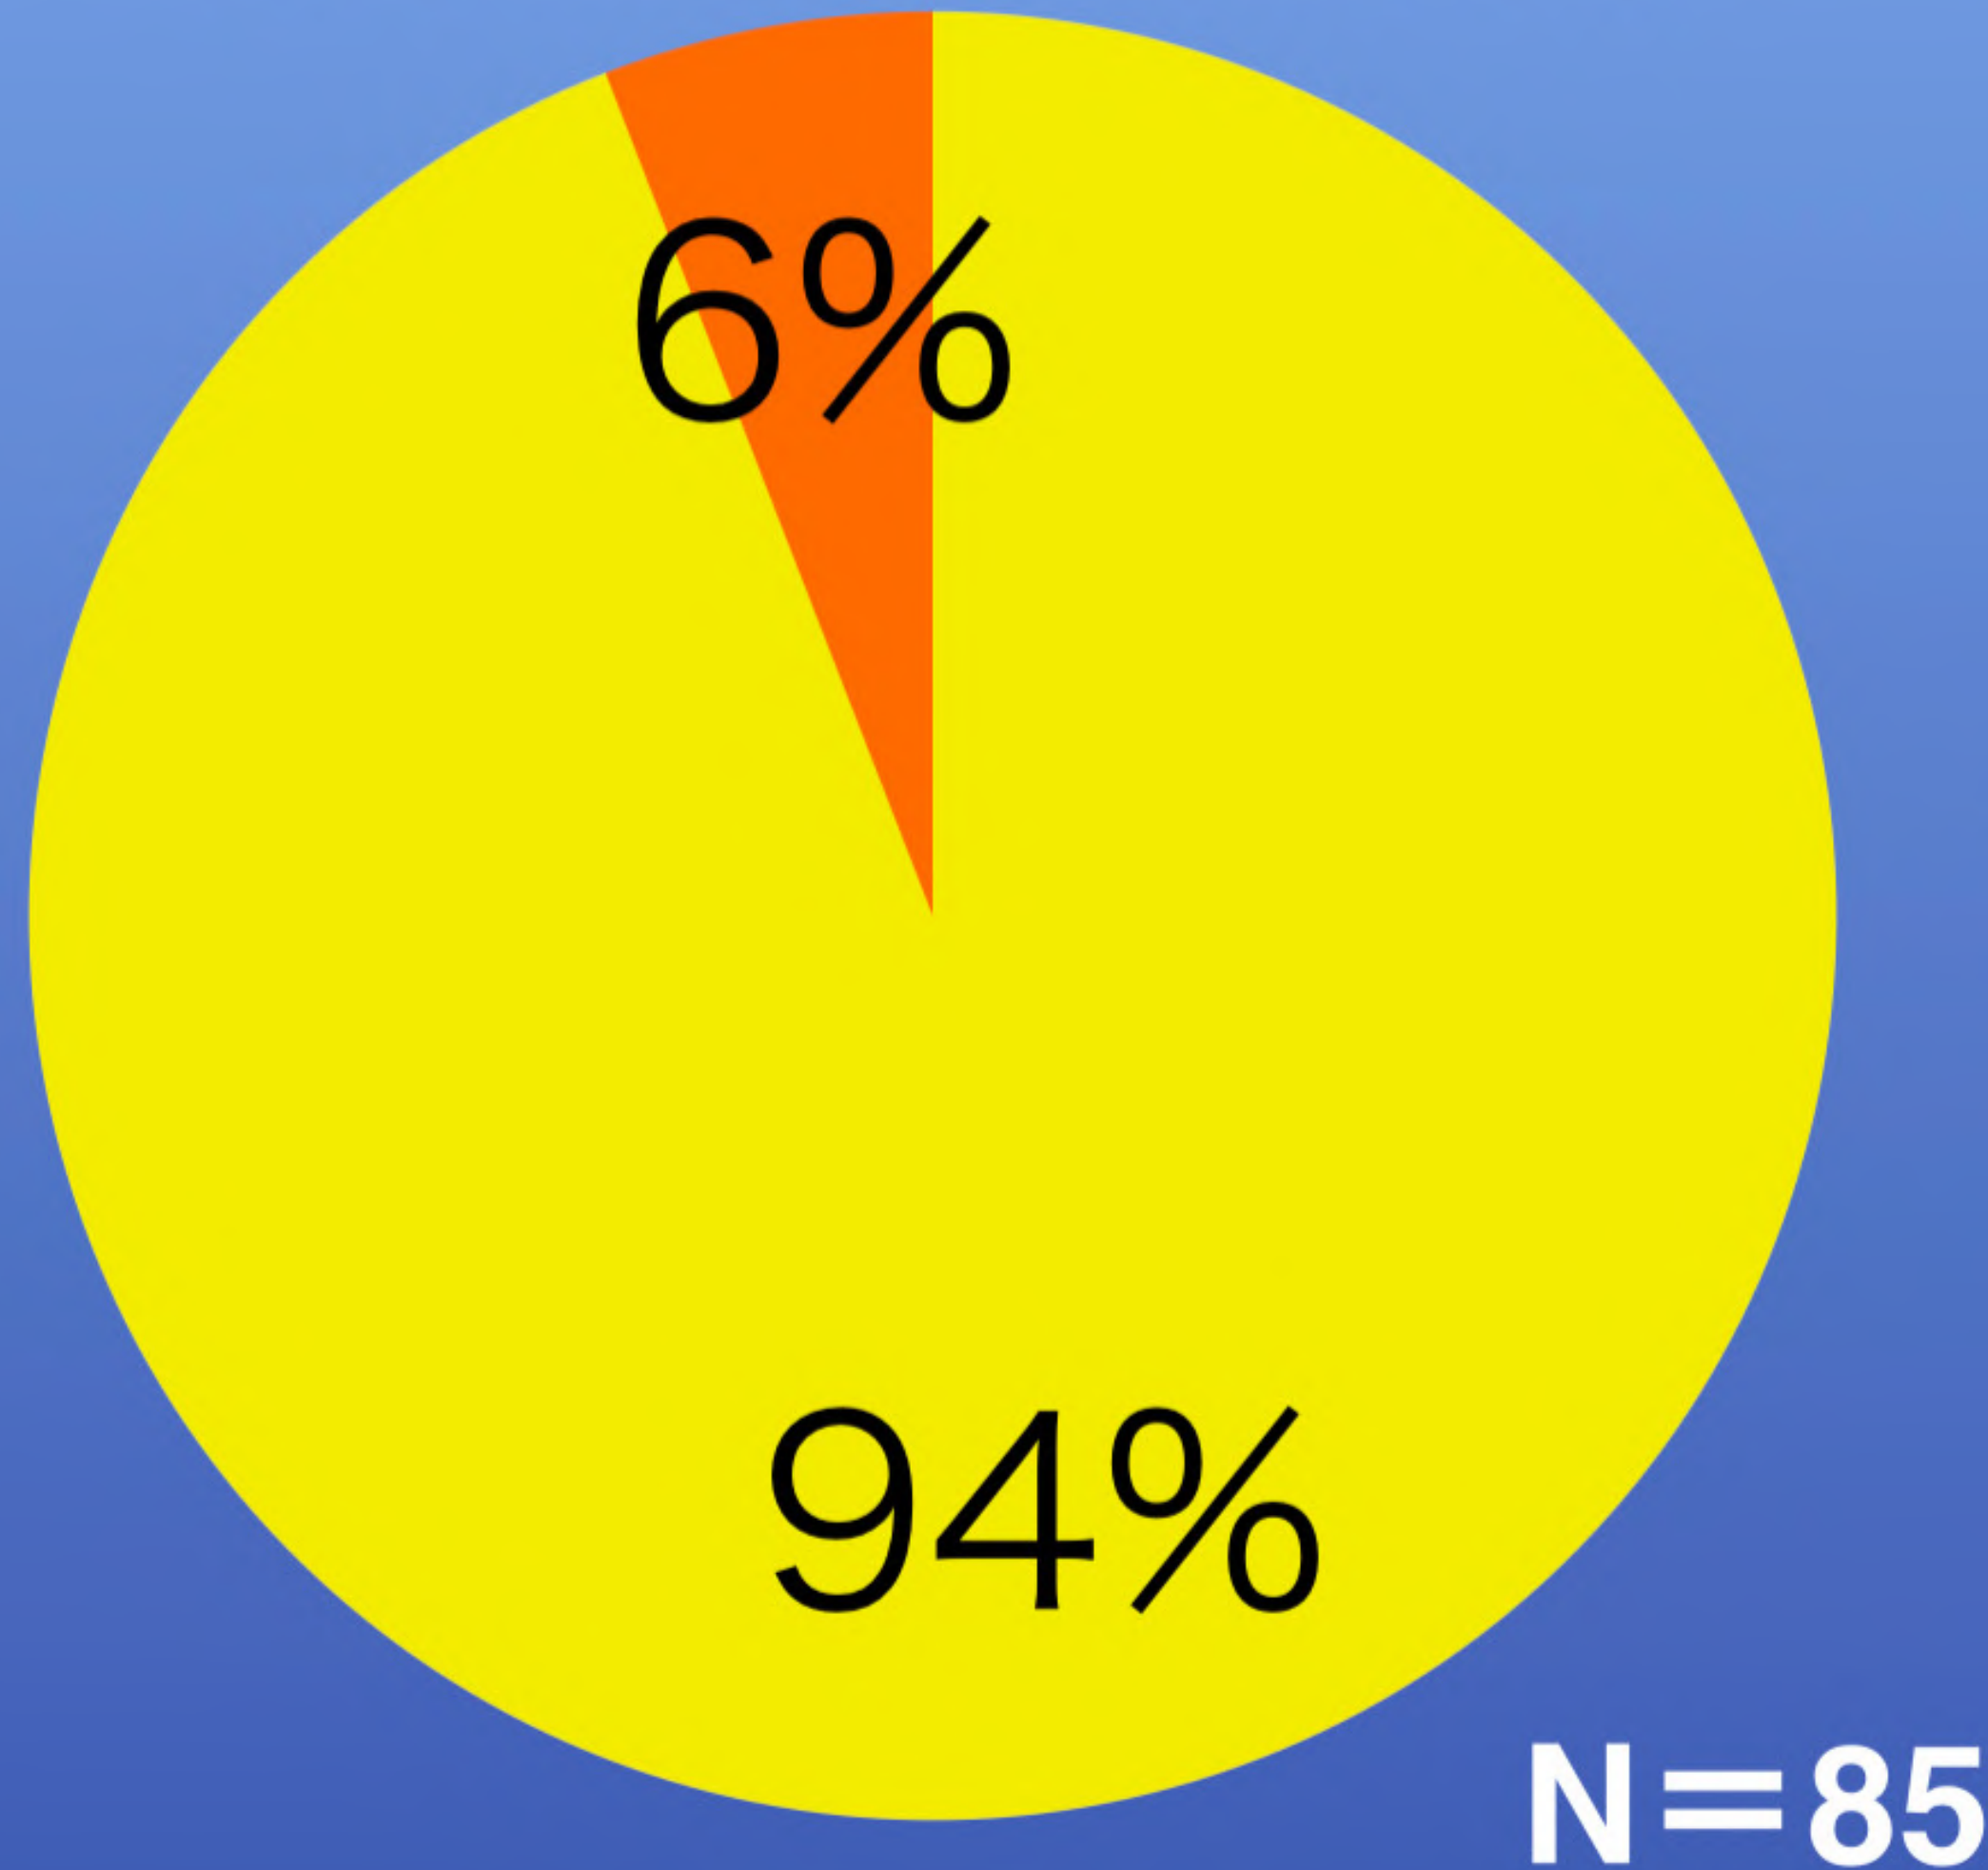

① Do you know about the current situation and the contents of food loss?

GI class

N=25

General class

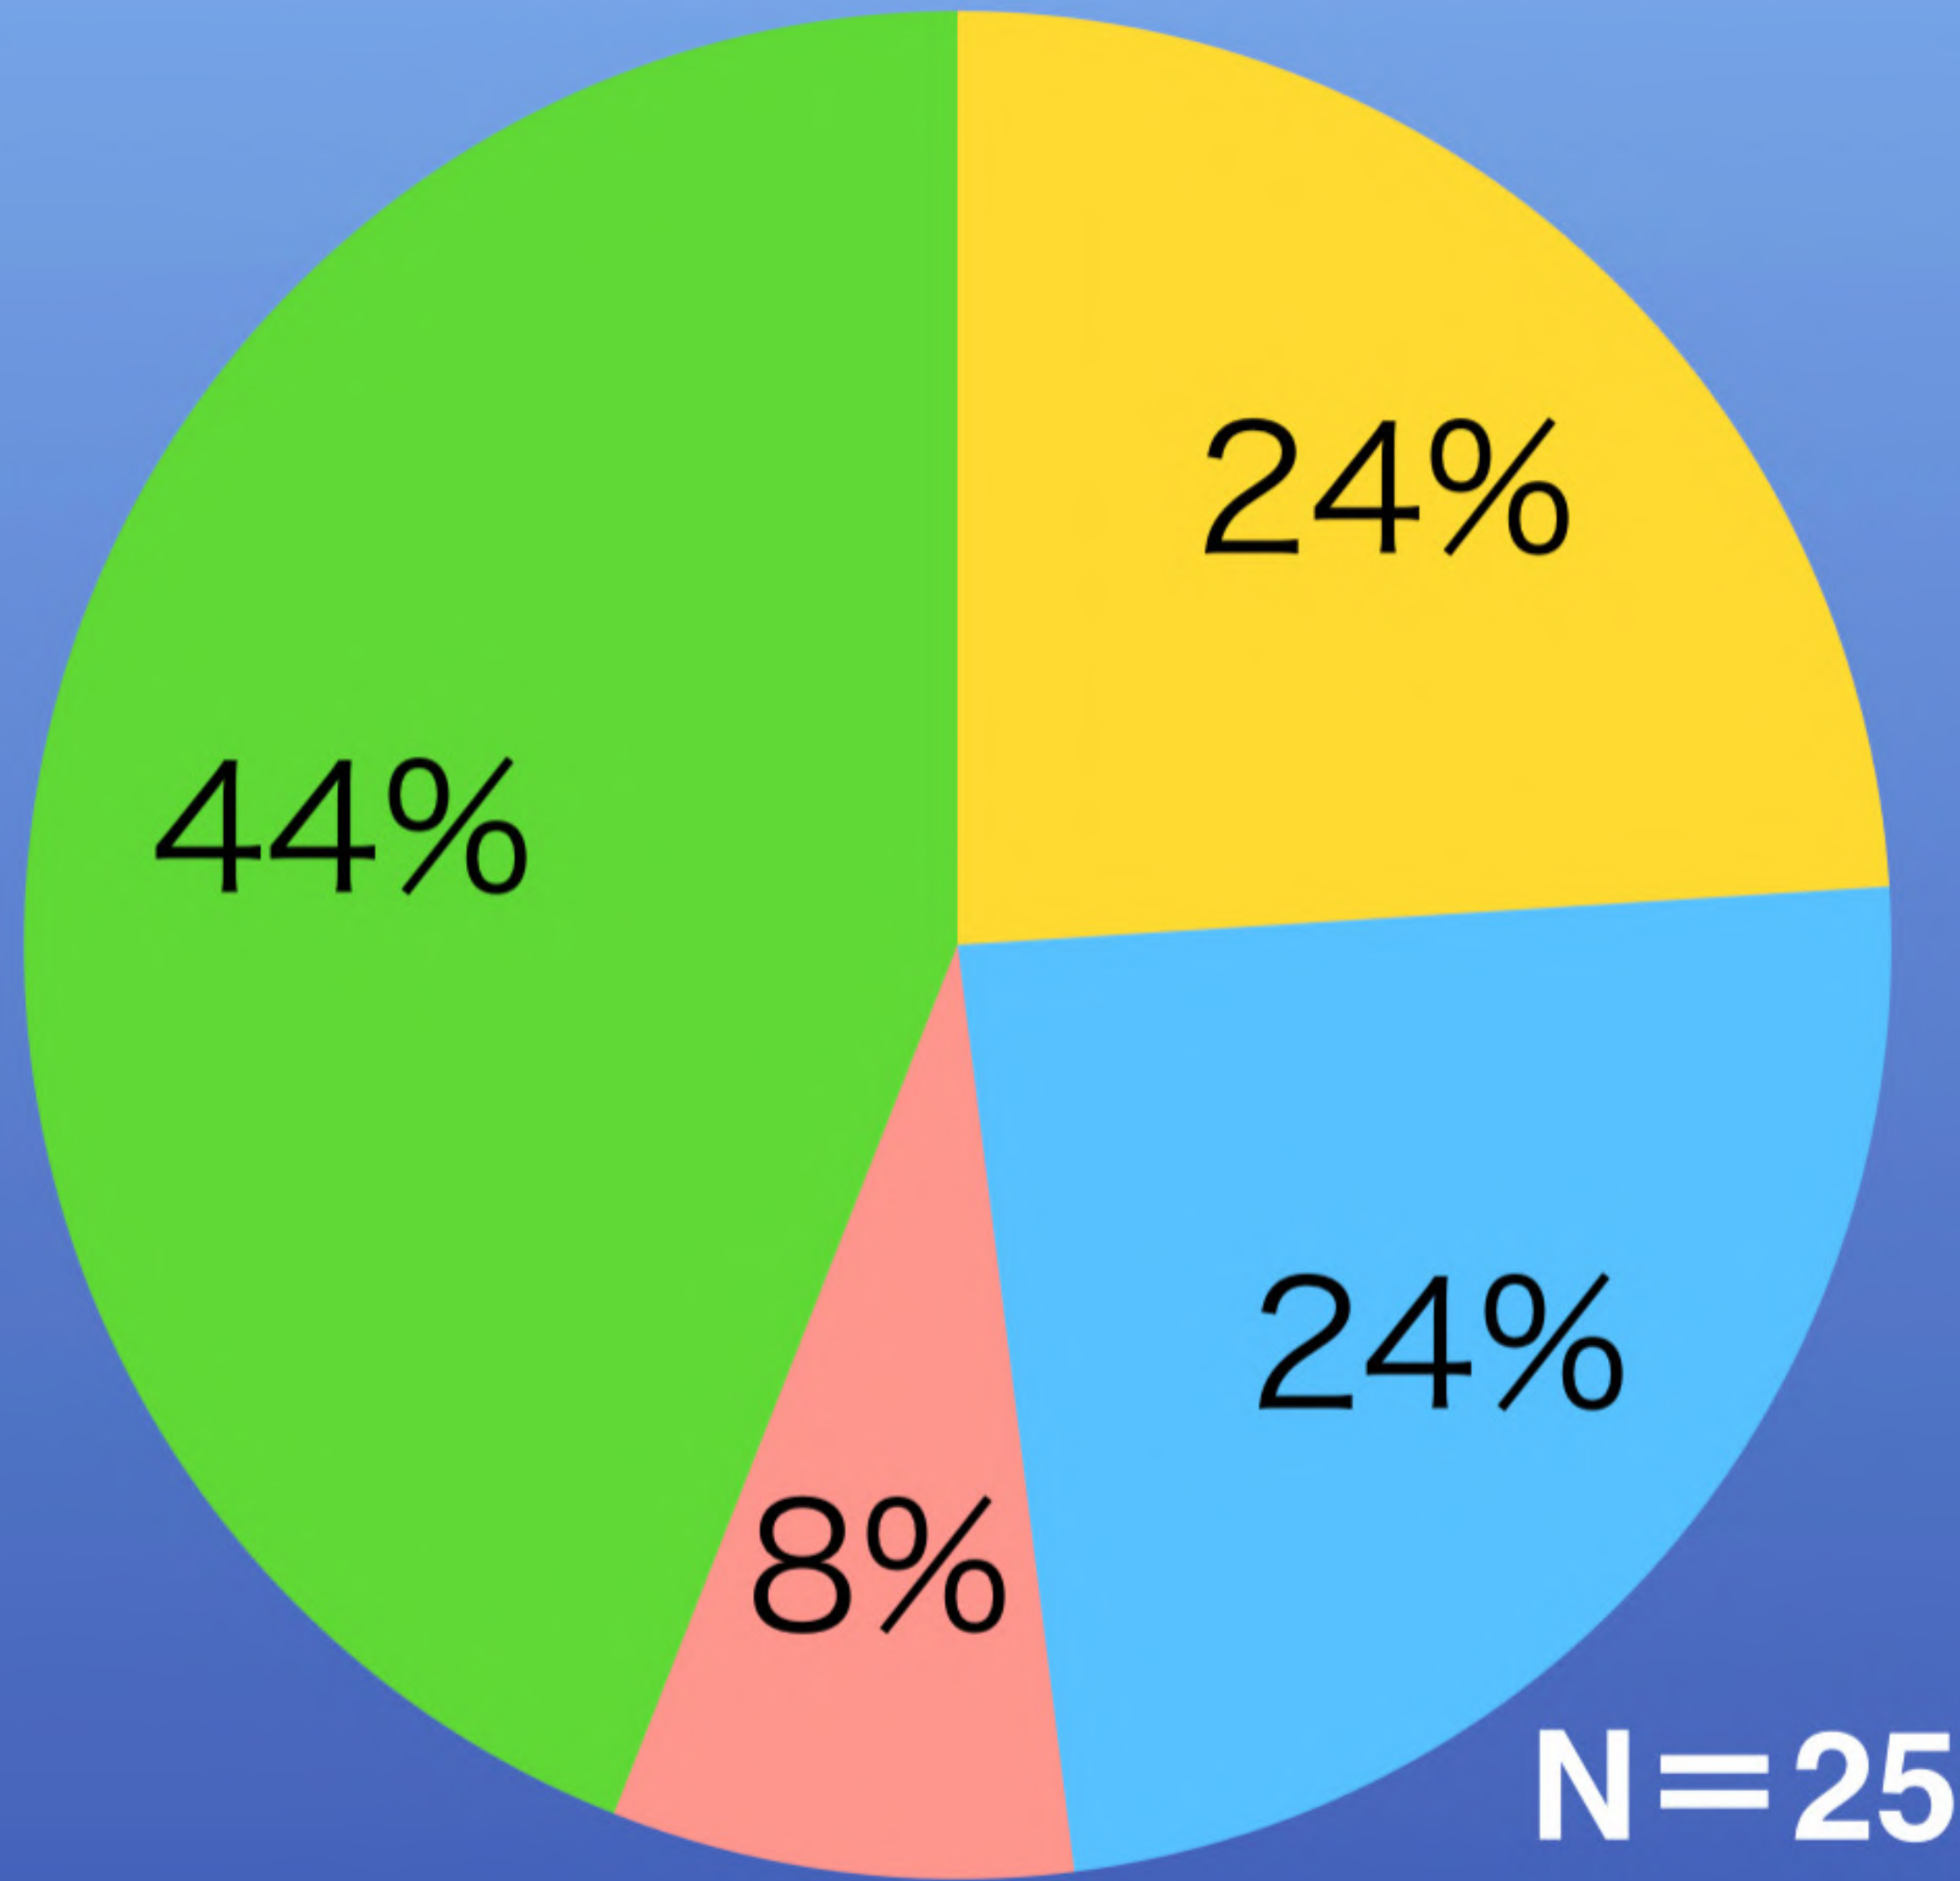

N=85

● Yes
● No

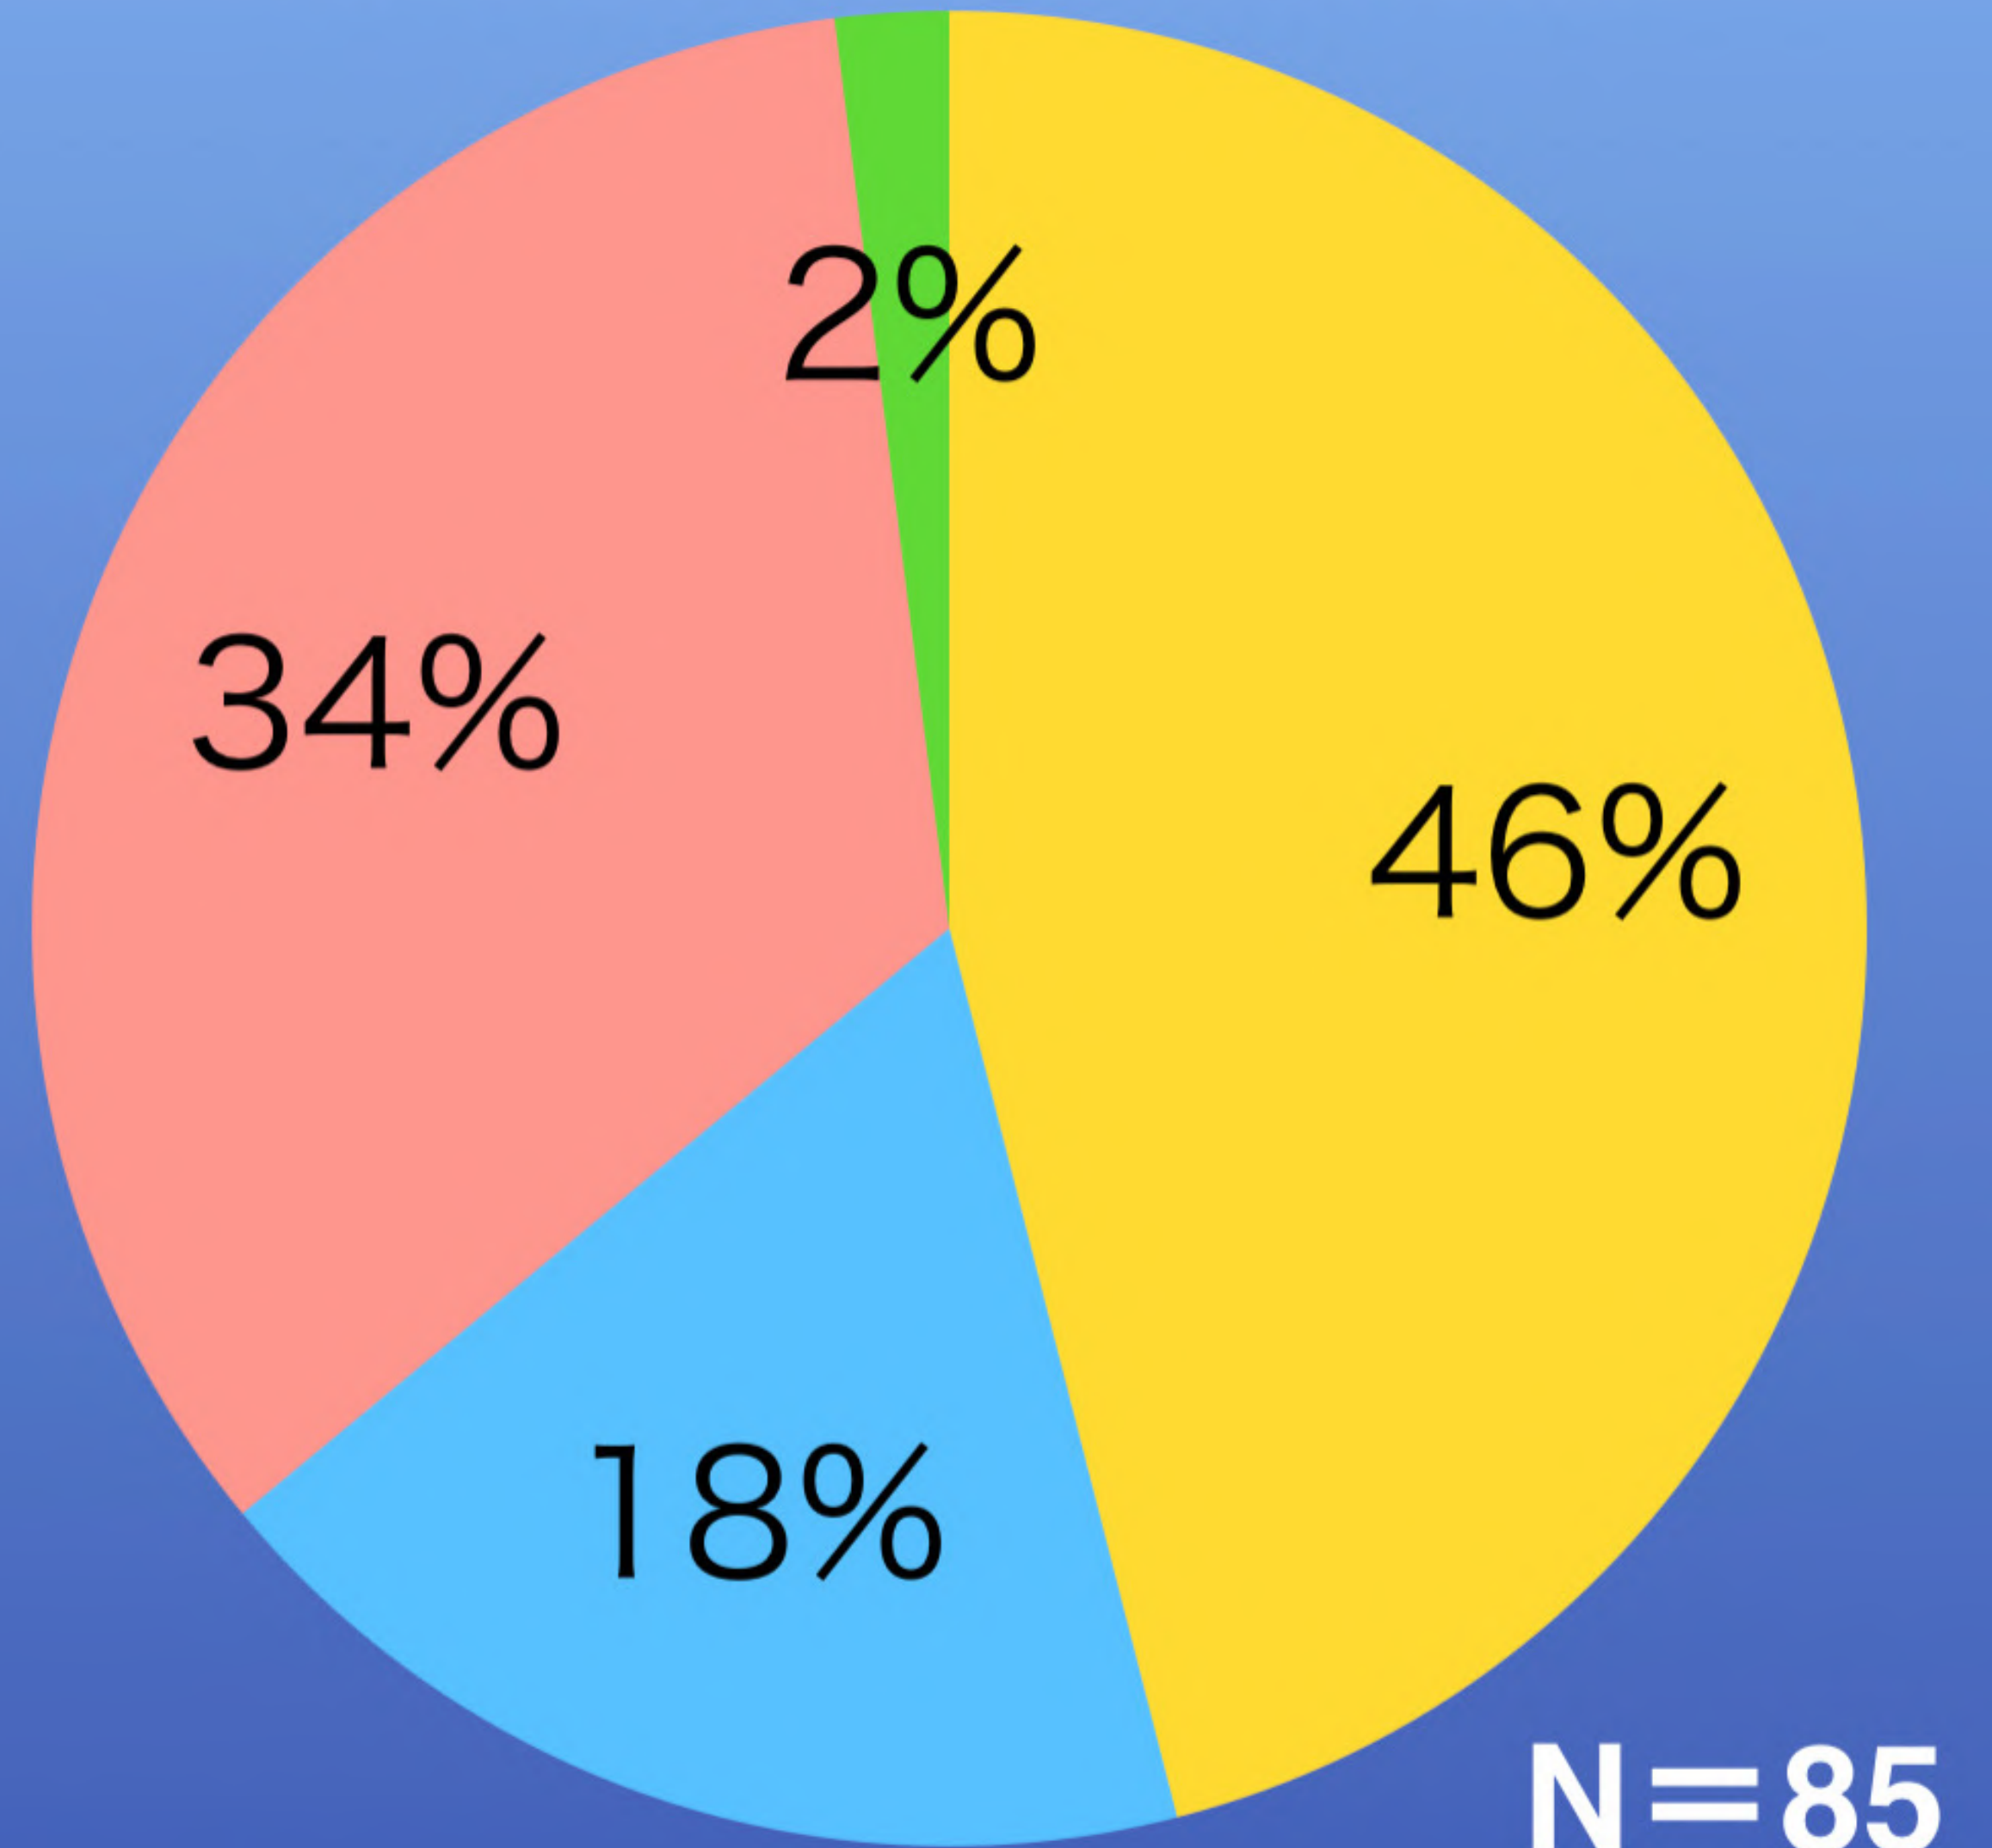

② What you think is the biggest cause of food loss and waste in the world?

GI class

- 飲食店からの廃棄
- 家庭から出る食べ残し

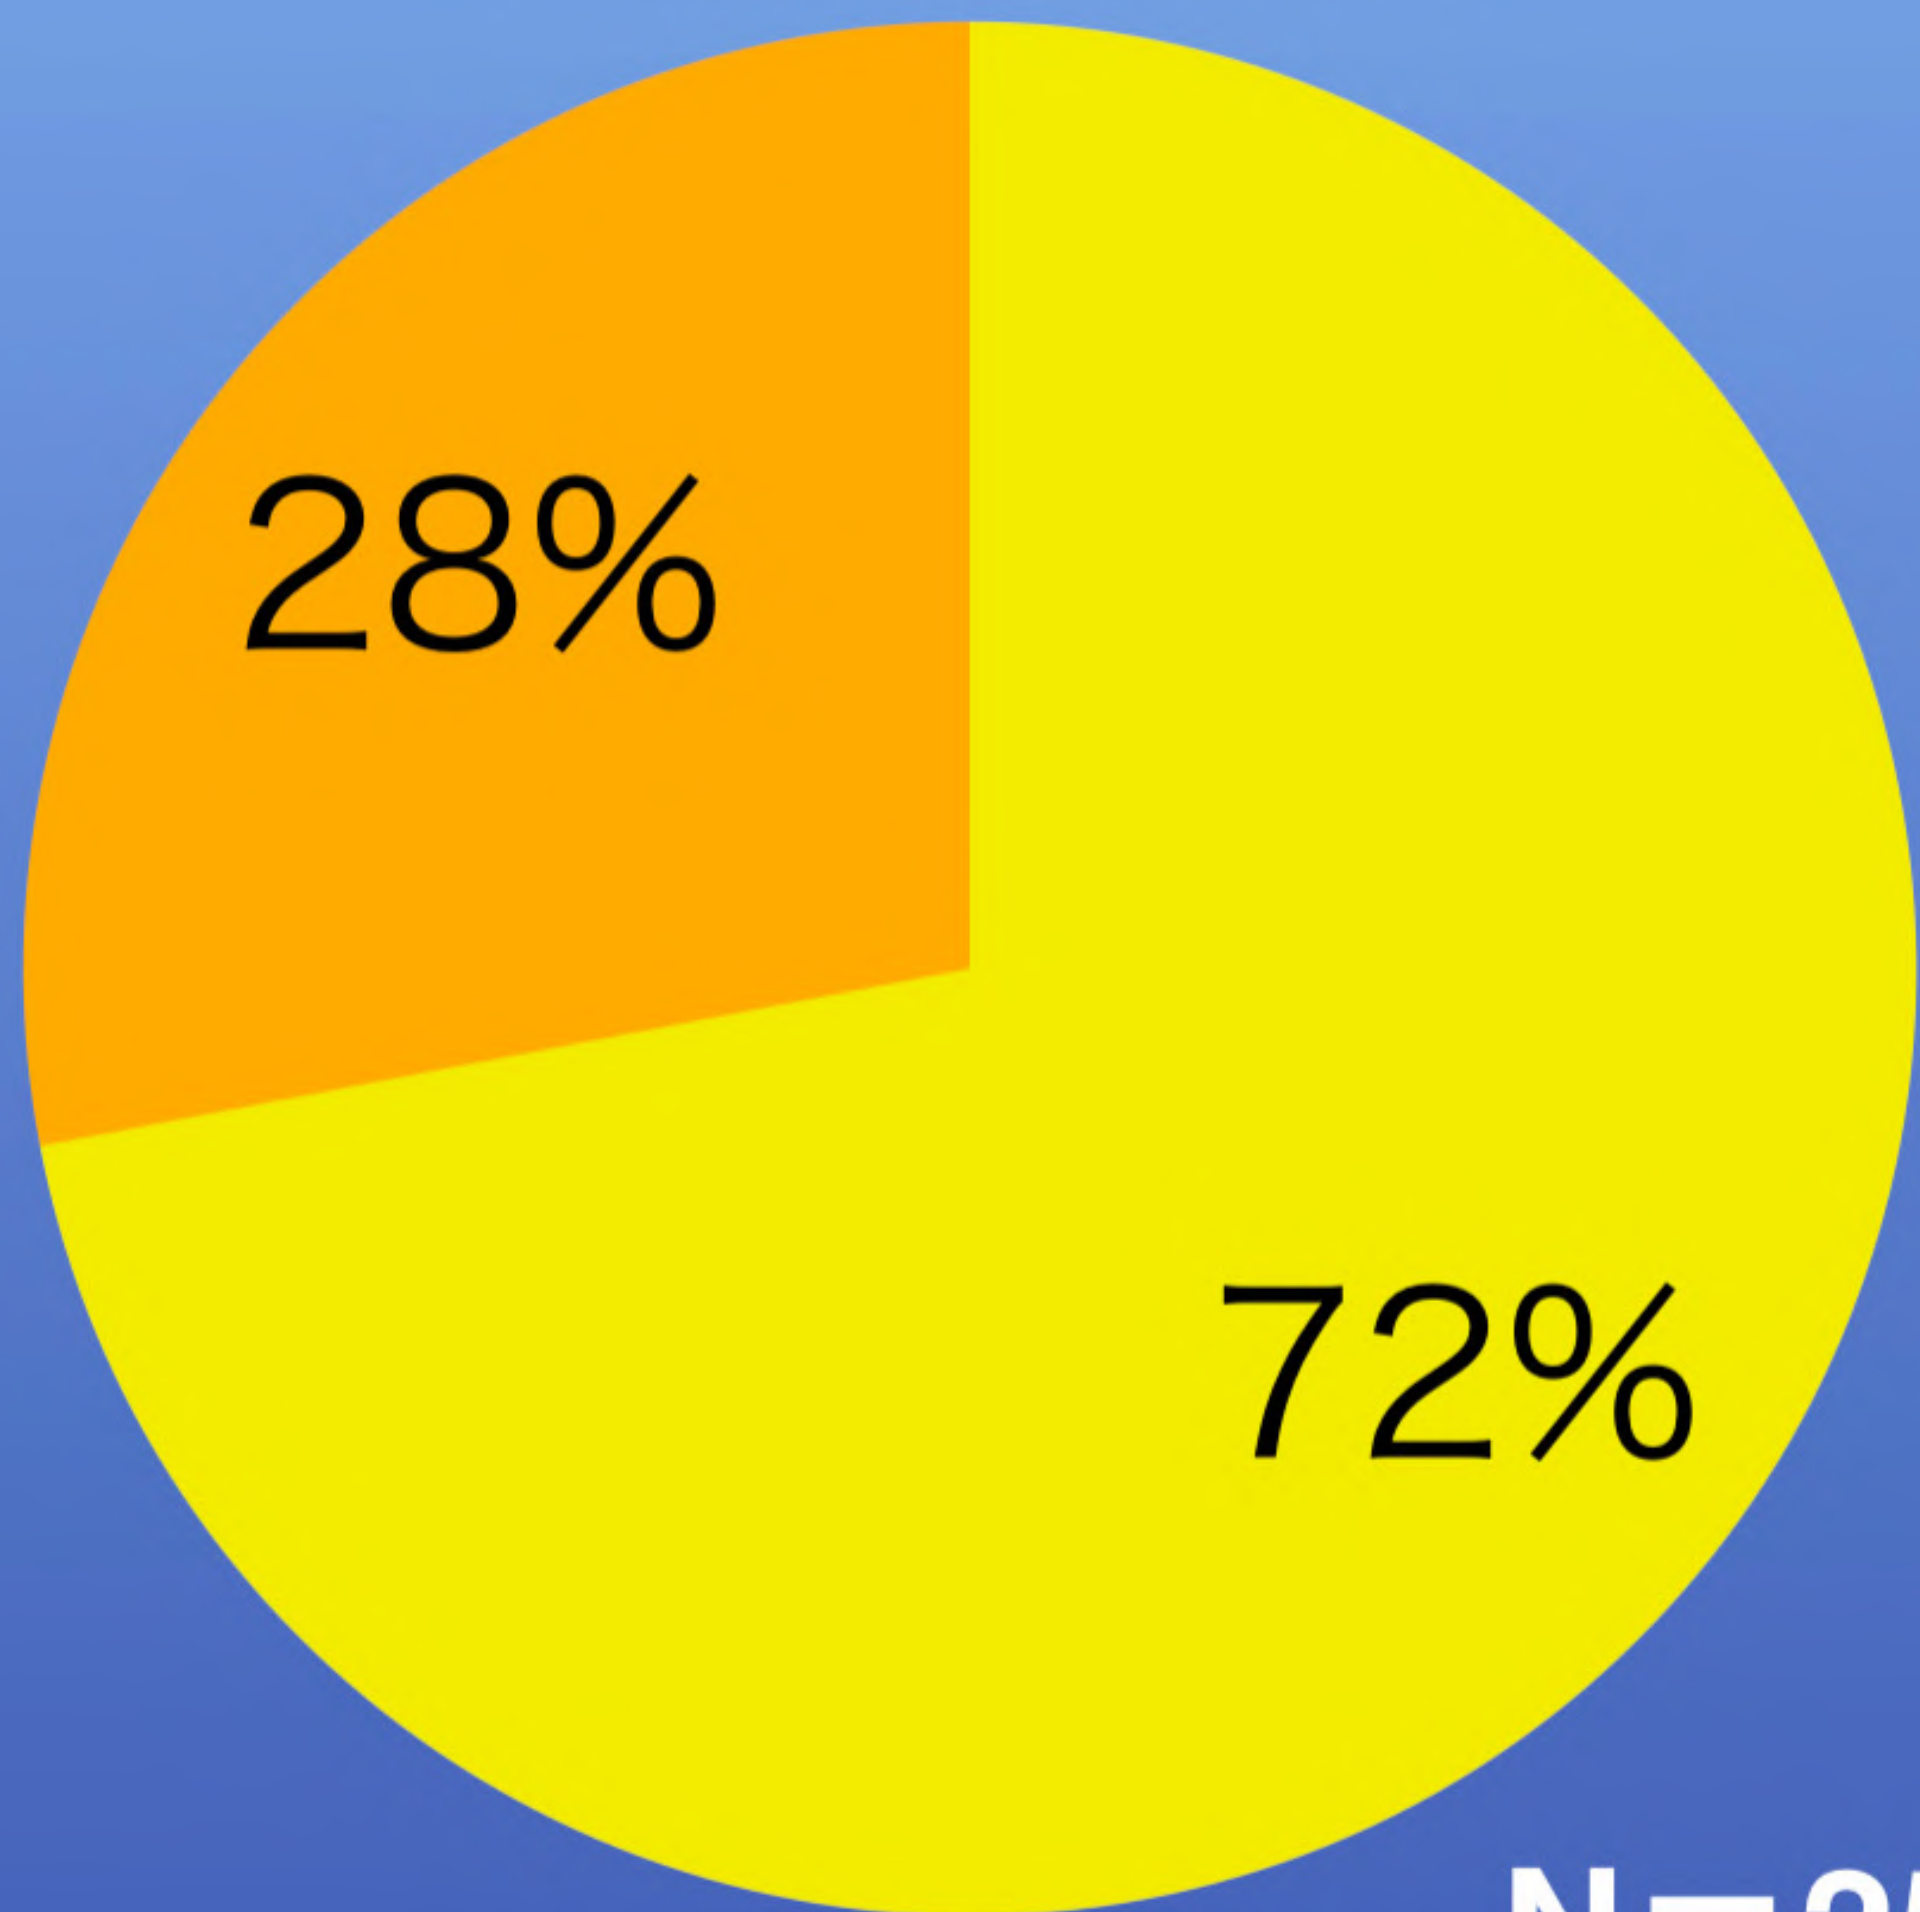

General class

- 企業からの過剰生産
- 農家からの廃棄物

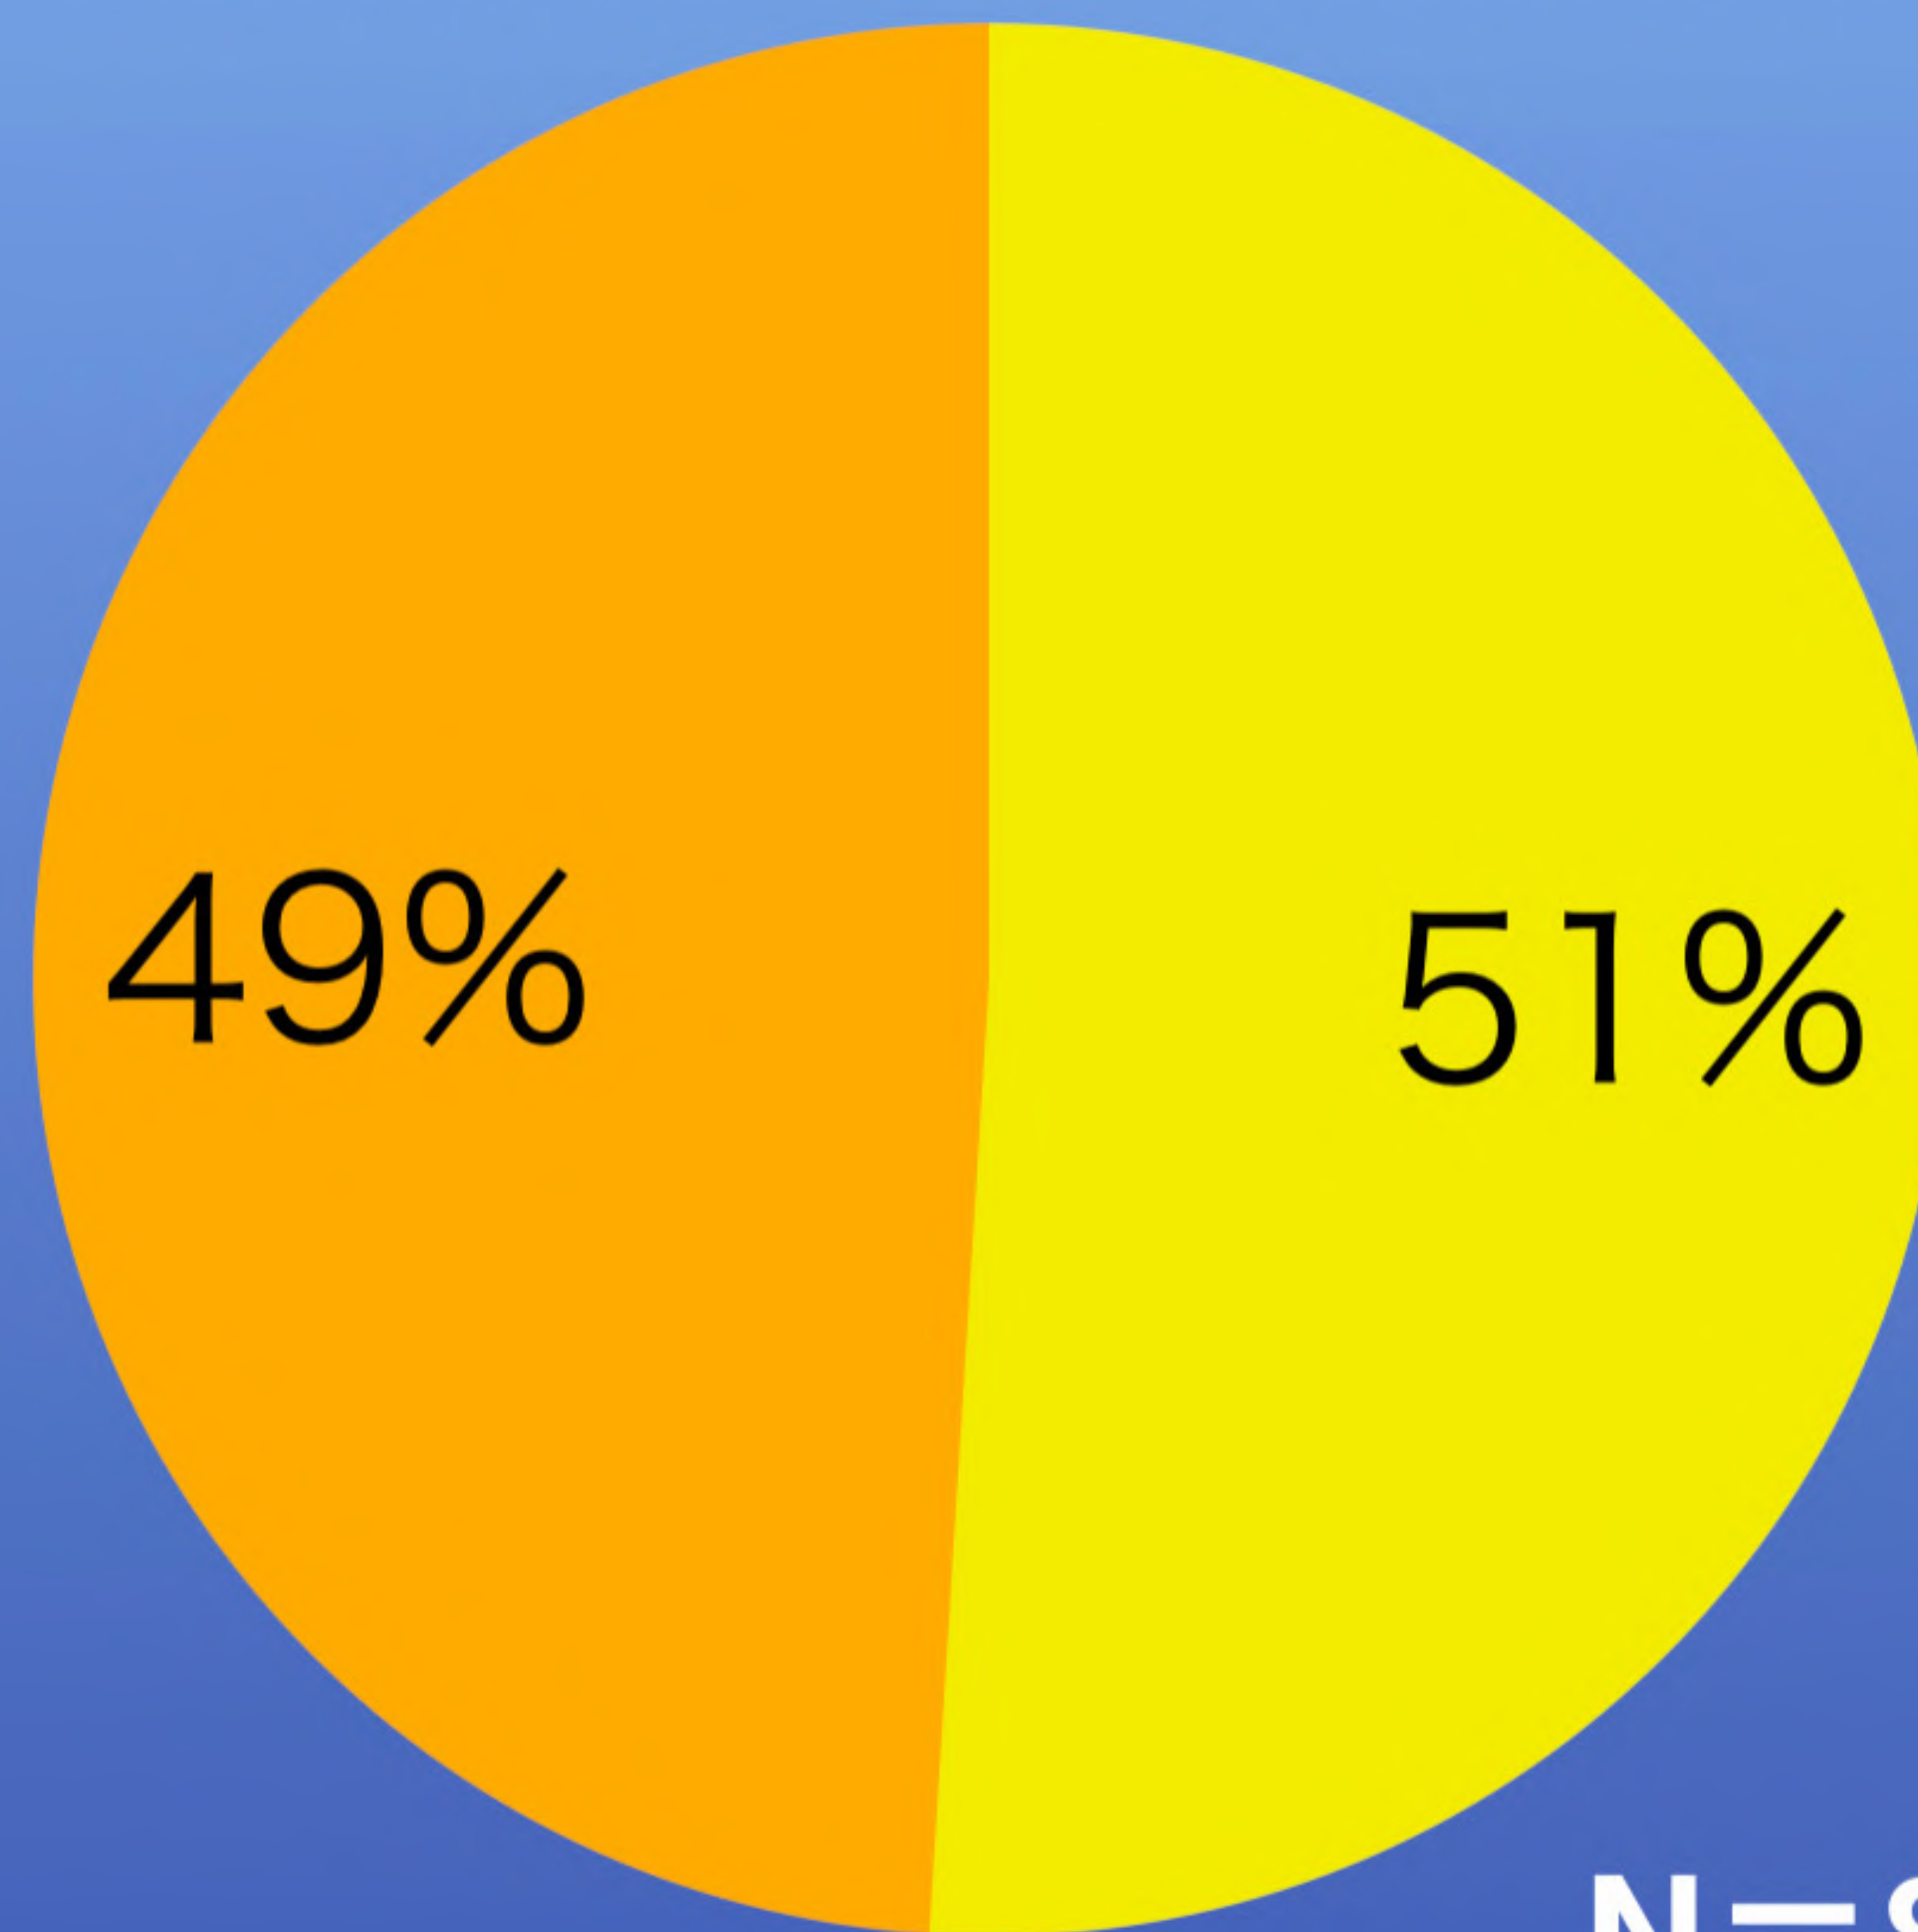

**③ Are there any measures you
have taken to reduce food
loss so far?**

GI class

N=25

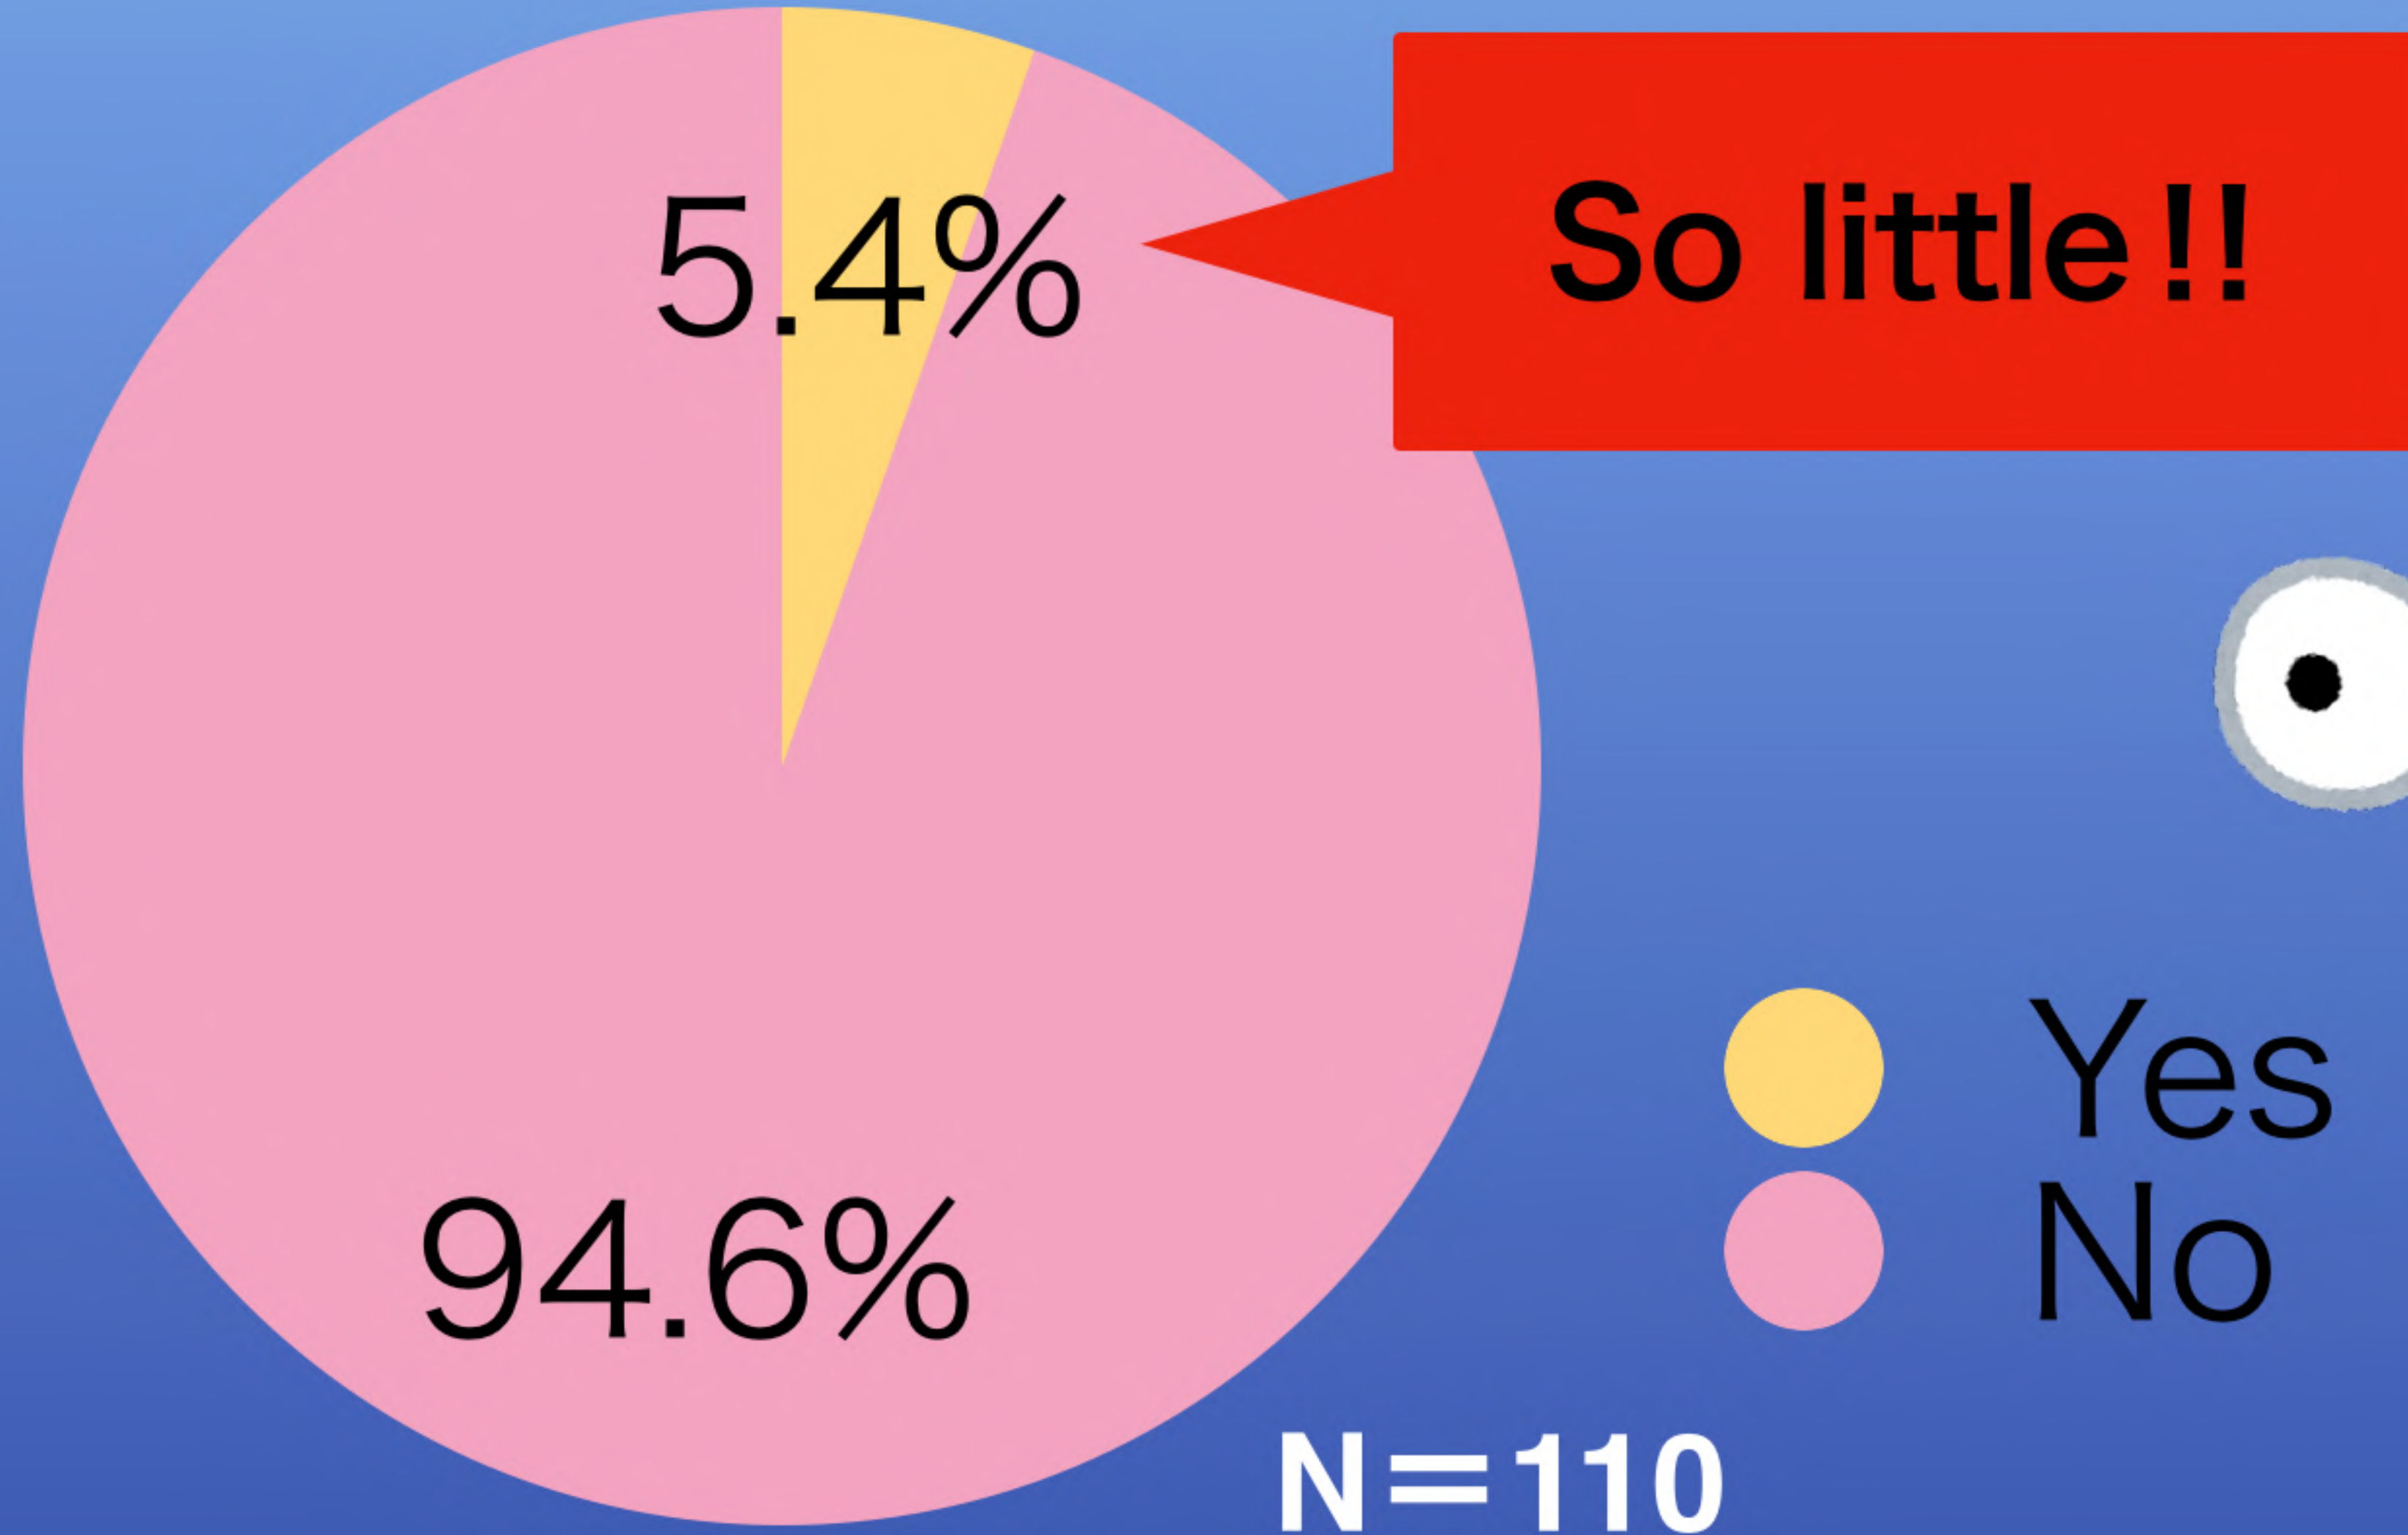

General class

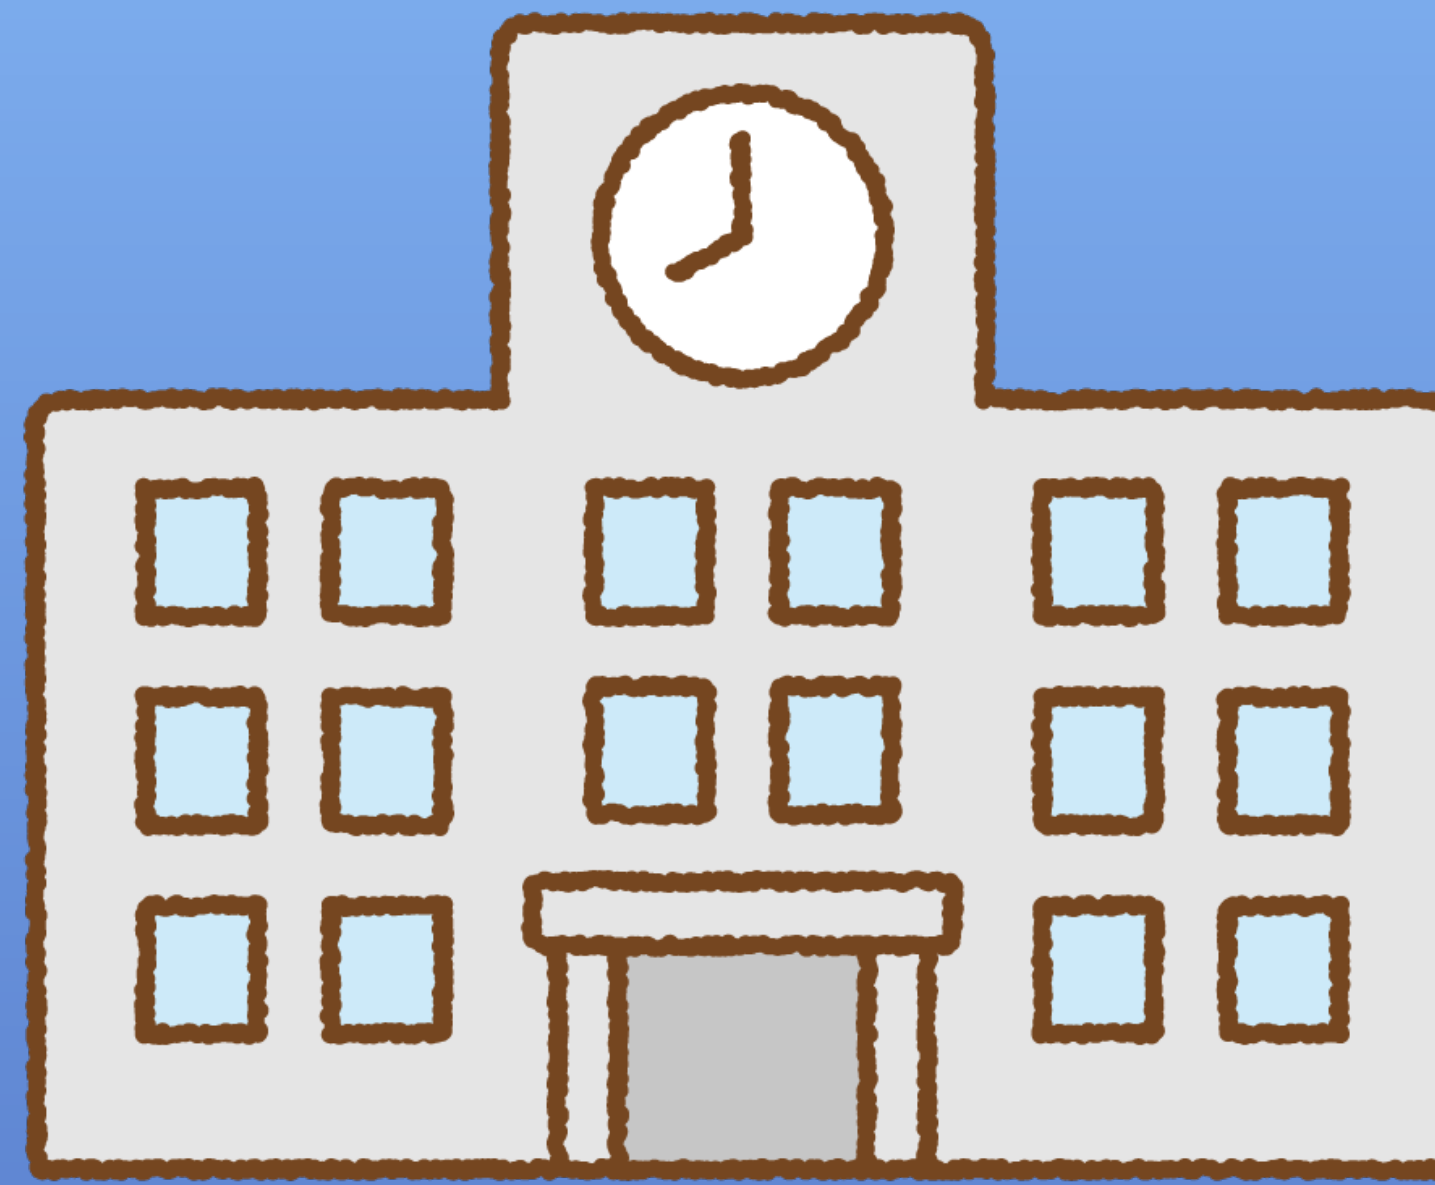

N=85

● Yes
● No

Are you doing composting "now"?

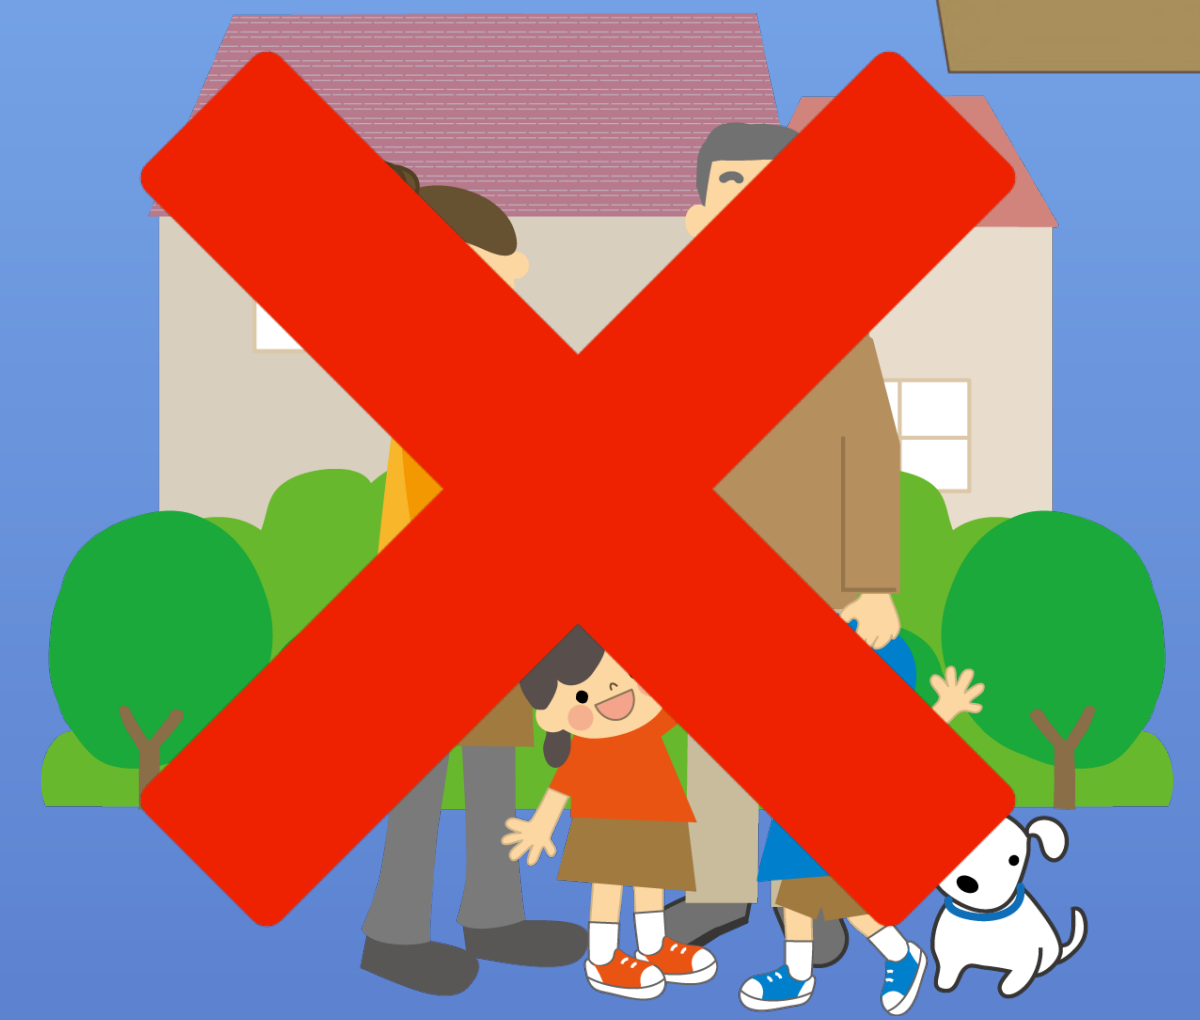

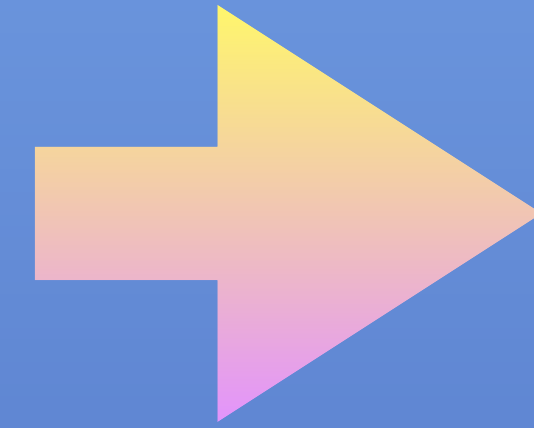

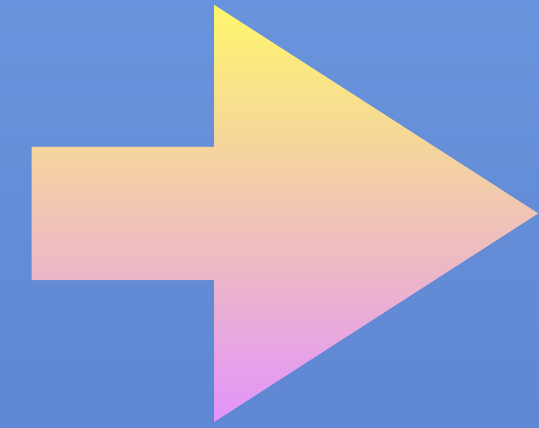

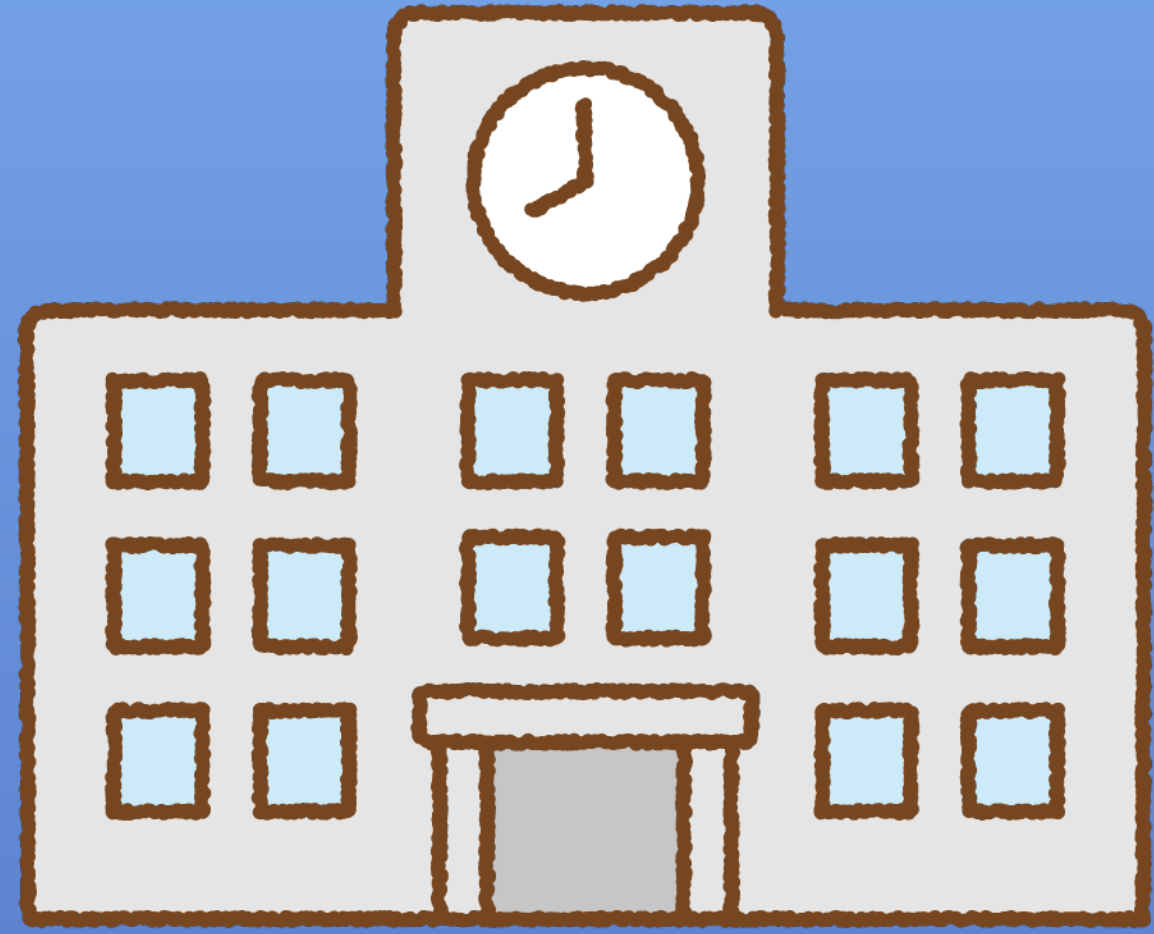

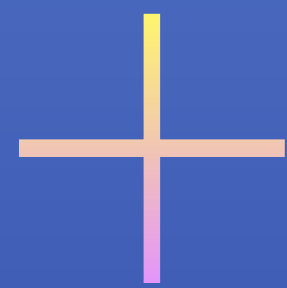

**Need activities to reduce food loss
other than compost that
individuals can practice at home**

【Conclusion】

but...

Learn about food
loss at school

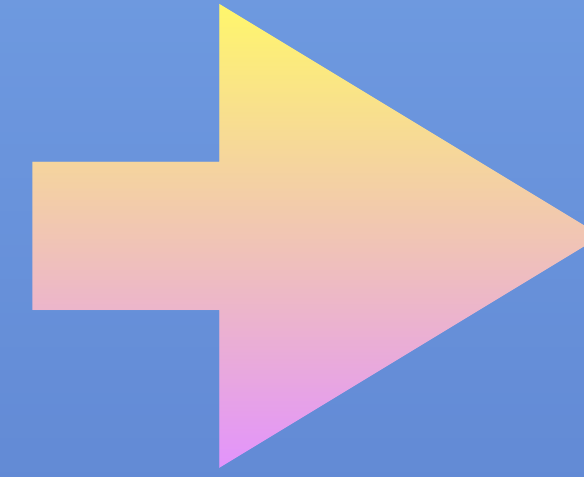

Need to promote
activities that are easy
to practice

【what we can do】

① reduction of leftovers

② utilization of food residues

③ compost

continue

① Will it lead to home implementation by recording and visualizing food loss that has been reduced by composting?

② What kind of activities outside of Compost will increase the proportion of activities practiced at home?

**We will expand awareness
of SDGs to society!**
