

High School Students Challenge

~Creating a society where we can live in harmony with the elderly!~

SGHN085 Poole Gakuin High School

Japan's Population

MEXT(2023)Estimation of Japan's Population

Do you know how many elderly are in Japan?

Japan is a super-aged society.

So we wondered what high school students could do to help improve the quality of life (QOL) of the elderly.

Using wheelchairs

The fair

Performance of the chorus club

Christmas tree decoration

Our activities

We invited the elderly to a Christmas event in the local shopping street.
We visited a senior citizen facility to learn about the current situation.
We gave them a day that was a little different from their usual routine.

In the future

We should increase opportunities to involve the elderly in society.
We would like to implement a new activity in which we deliver necessary groceries and other items to elderly people.
