

THE PATH TO BOOSTING PEOPLE'S RECOGNITION ABOUT THE THREAT OF NW

Kansai Soka Senior High School (SGHN091)

1. Environment & Energy Influences and Risks

1. Destruction of ecosystems
2. Nuclear radioactive fallout
3. Global climate change
▶ nuclear winter effect 
4. Ozone layer depletion
5. Risk of radiation leakage
6. Unestablished nuclear waste disposal methods

2. Human Rights & Gender

How Nuclear Weapons Violate Human Rights?

- INDISCRIMINATE damage on people
- No consensus about the usage of NW (i.e. Russian army)

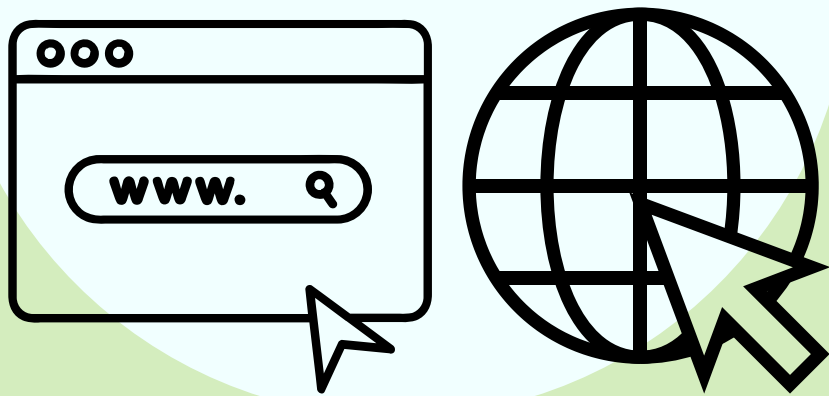

A female hibakusha's experience

"I don't want you to get married to my son because you are the victim of A-bomb"

3. Peace Education Curriculum

Hibakusha Testimony

4. Why nuclear weapons should be abolished?

Every single human in the world has a dignity of life. Those precious lives cannot be replaced by anything.
