

# Think Together Think Bousai!

~SGHN113 Meiji Gakuen Junior and Senior High School~

## Local issue

Kitakyushu area

→ **low awareness**

Sendai, Kumamoto, Kobe  
(experienced disasters)

→ high awareness

## Global Perspective

### 【Sendai Disaster Risk Reduction Framework】

1. Understanding and sharing disaster risks
2. Strengthen disaster risk management
3. Promote investment in disaster prevention and increase resilience
4. Be fully prepared for disasters and during recovery  
Achieving "Build Back Better"

**PARTICIPATE IN  
Lecture  
Fieldwork**

Participating in lectures and visiting disaster areas can improve disaster prevention awareness

Children admire high school students and aspire to teach someone when they become high school students themselves.

**Grow Up**

# Tobata Model

**CARRY OUT  
Asobosai  
Bousai Class**

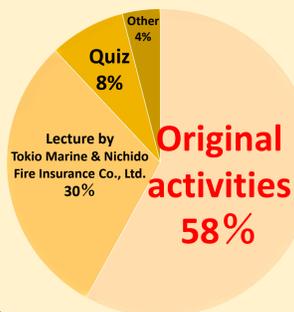

Thinking about and implementing educational activities, that teach concepts through fun play.

Teaching your family means that knowledge is established about BOUSAI.

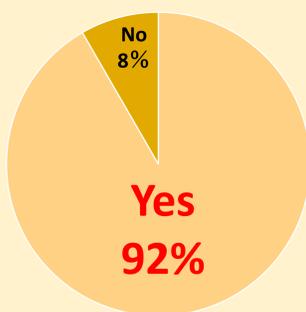

**Tell Family**

## ① Questionnaire Survey @Bousai Class

What was the most memorable part of the class?

Can you explain in your own words what you should do to prepare for a disaster?

## ② Participants Observation

Mashiki Town Fieldwork

↓  
100% students  
**Significantly improved**

## 《Future plan》

First, cooperate with Tobata Ward Office **and** the Board of Education

⇒ From Tobata Ward to Kitakyushu, then to Fukuoka Prefecture and all over Japan
