

# To Foster the Globally Liberal Human Resources

W202103 Aichi Prefectural CHIGUSA High School

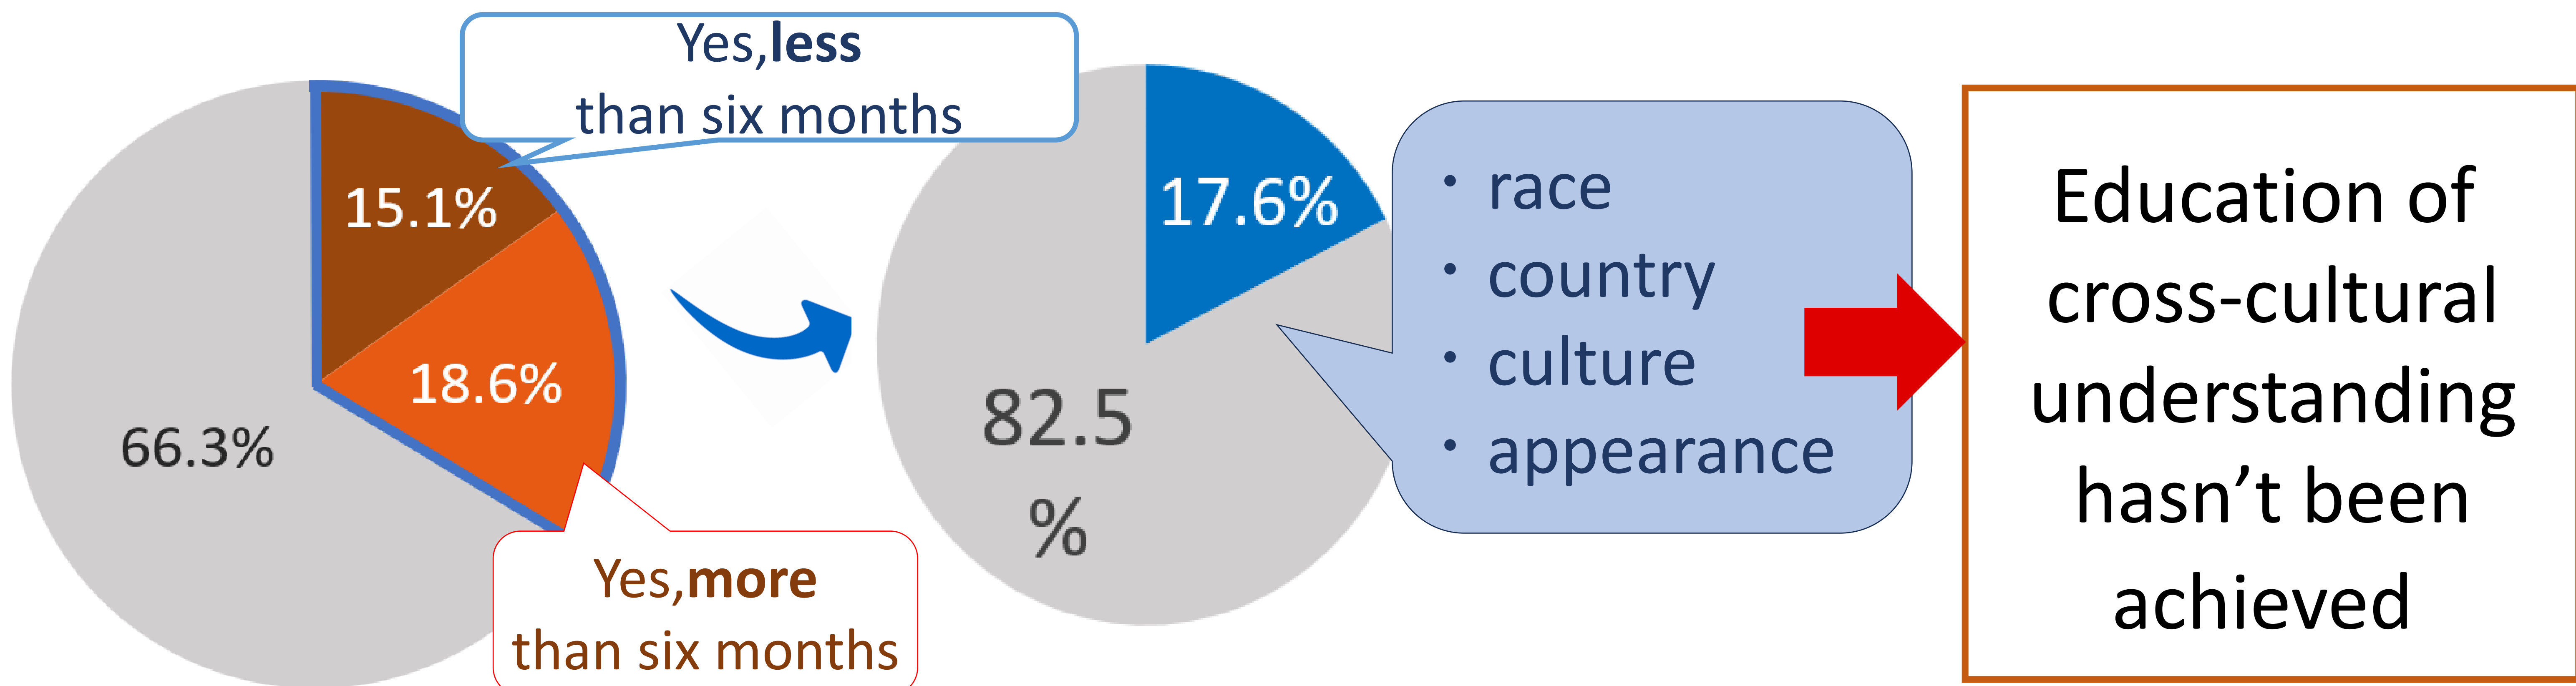

## Background

Some Japanese who lived abroad had an uncomfortable experiences

➡ They don't want to say that they are Japanese

## Survey

1. Have you ever been abroad? 2. Have you ever experienced problems?

Culture stereotypes start at the **age of 6**

## ELEMENTARY EDUCATION IS IMPORTANT

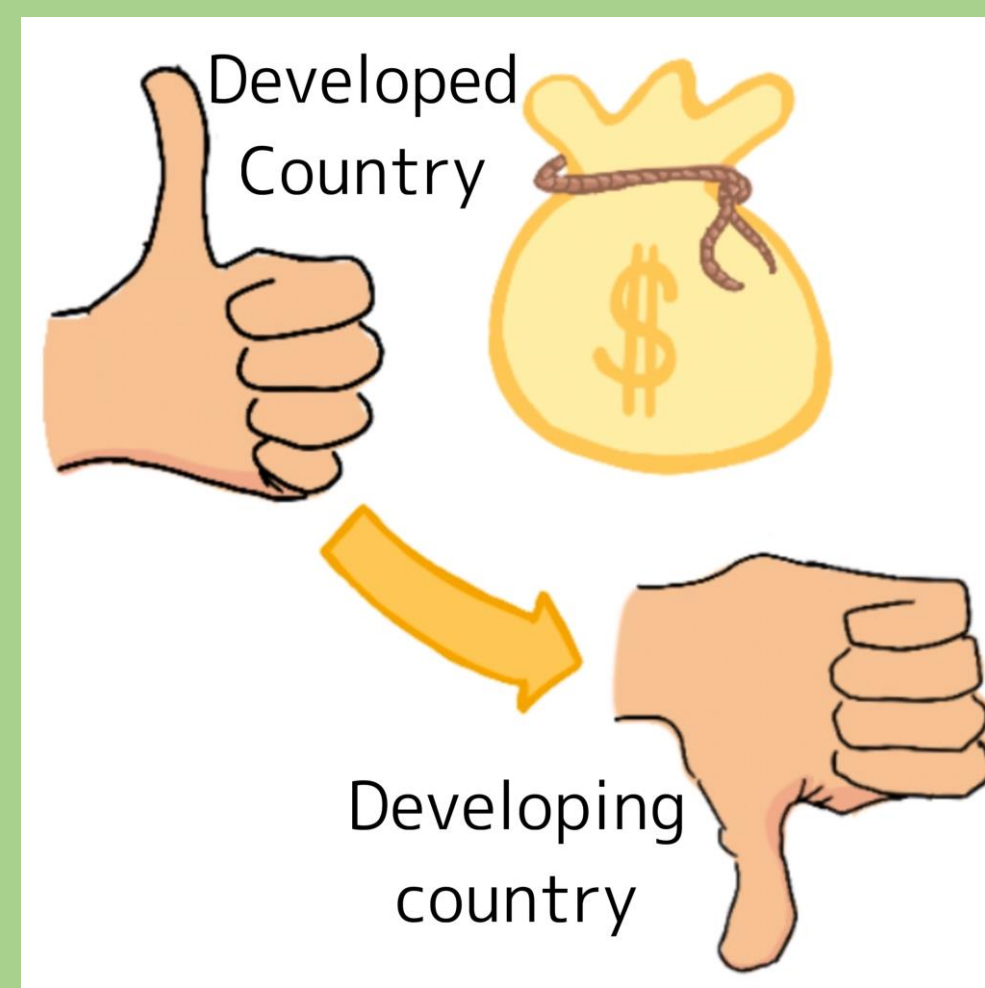

### Intercultural- understanding

Learn different countries in depth  
→ Expand our perspectives and understandings towards others

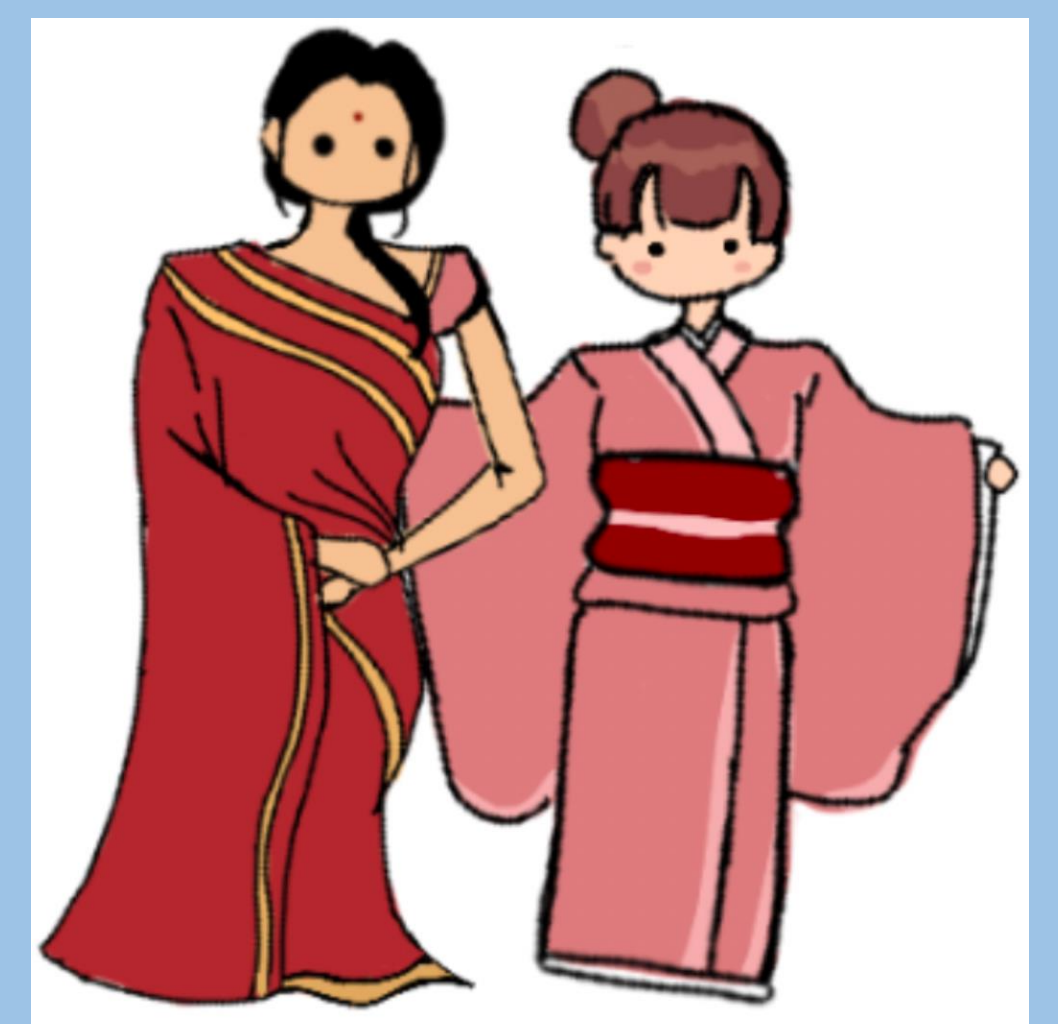

### Switching perspectives

An innovation within the way of educating children  
→ Students can be more exposed to various ideas and come to accept other ideas.

### Hands on learning

Idea of practical learning separated by age divisions  
→ Maintaining interest will lead to enthusiasm towards mutual understanding

- Become more open minded towards differences
- See and clearly capture things the way they are
- Have several perspective

Global liberal children ➡ Multicultural coexistence society

We can spread understandings towards different cultures
