Are gender neutral skirts Necessary?

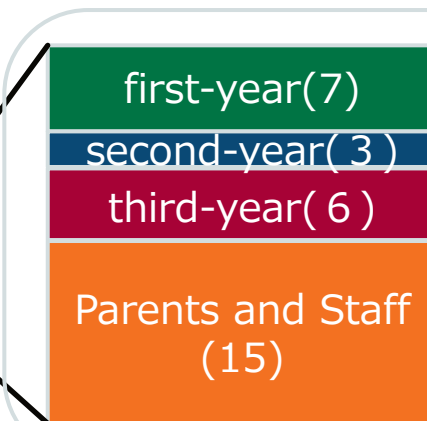

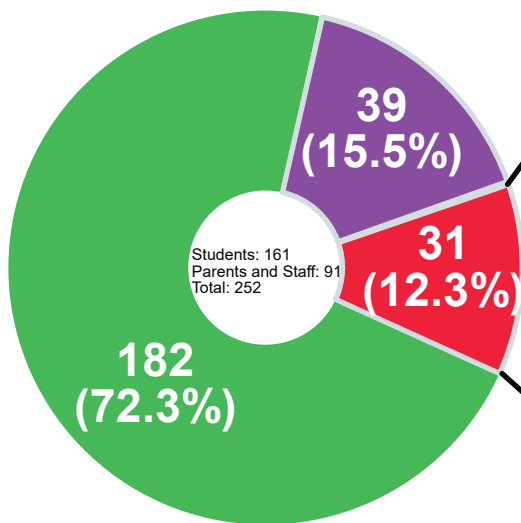

With the growing awareness of genderless and LGBTQ+ issues, there may be male students who wish to wear skirts. Therefore, we conducted a survey on the necessity of "gender neutral skirts" that male students can also wear.

(Gender-specific designs refer to designs with details that vary according to different body types.)

Survey Results and Analysis

Do you think "gender-specific skirt uniforms" are necessary at Tamashima High School?

- There are students, both male and female, who would use them, so they should be provided. They should be provided regardless of whether there are students who use them.
- There are no male students who would use them, so they are not necessary.
- I don't know.

【From the Survey Results】

Male students wearing skirts might lead to coming out about their gender identity.

There is a possibility of it leading to bullying.

Summary and Future Developments

- It is most important for people around us to understand genderless concepts, as this is the quickest path to creating a diverse society.
- People should understand genderless and LGBTQ+ issues from a young age.
- Change is more likely to occur when influential people take the lead.
